WHAT IS PICKLEBALL?!

- 1) A paddle sport for all ages and all athletic abilities!
- 2) It combines elements of Badminton, Tennis & Ping Pong...it's basically oversized Ping Pong!
- 3) It's played on a Badminton sized court.
- 4) A paddle is used to keep a polymer (plastic) ball going back & forth over the net.
- 5) Games can be played as Singles or Doubles.
- 6) It has very simple rules and is easy to learn & play!
- 7) The game has a social aspect and offers a fun way to stay active!
