Public Hearing on Rock Creek Drainage District No. 1 Budget

Public Hearing on Rock Creek Drainage District No. 2 Budget

PUBLIC PRESENTATIONS / INFORMATIONAL ONLY

ACTION ITEMS

1. Classification and Compensation Study - Final Report and Recommendations - Laura Smith

In March 2017, the City contracted with The Austin Peters Group to conduct a classification and compensation study. Mission's last comprehensive analysis was completed in 2005. Studies of this type assist the City in identifying any potential structural deficiencies such as compression, overlap or internal inequities, and provide a benchmark against the external market. During a recent worksession, the Council heard initial findings from The Austin Peters Group, and subsequently provided direction to staff to develop recommendations to begin moving the City's compensation structure (salary grades) toward the 60th percentile of the peer market. The final report and specific implementation timeline recommendations are now ready for Council consideration.

2. 2018 Budget Resolution (Draft) - Laura Smith ([page 82](#))

As a part of the annual budget process, the City Council has historically adopted a budget resolution which outlines and describes the financial policies, tax and fee structures and other related issues recommended for a particular fiscal year. The draft resolution included in the packet incorporates the feedback staff received throughout the budget process and details what is included in the 2018 Recommended Budget.

3. 2018-2022 CIP Resolution (Draft) - Laura Smith ([page 85](#))

For the last several years, the Governing Body has adopted a resolution that addresses the recommended five-year infrastructure plan, also known as the Capital Improvement Program (CIP). The revenues and expenses shown in the CIP for 2018 are included in the 2018

Recommended Budget in the appropriate funds. Years 2019-2022 of the CIP remain flexible in order to evaluate and address changes in resources or priorities in future years.

4. Replacement of Servers - Brian Scott ([page 88](#))

The City has a total of four primary network servers. Two are for the Police Department and host software applications for records management software, virtual data communication for police vehicles, as well as other digital files. The other two support the rest of the City and host a number of software applications, including those for Parks and Recreation program management, digital records management, and financial management software. All are nearing the end of their useful life, and some are past the warranty. Two are budgeted for replacement in 2017, and the remaining two will be replaced in 2018.

5. Resolution Designating Surplus Property - Brian Scott ([page 104](#))

City Council Policy No. 111 defines the process and procedure for the sale and disposal of real and personal property by the City of Mission, which is also outlined in K.S.A. 12-101. Property and equipment identified for surplus includes two police vehicles, one Public Works truck, one truck in the Parks & Recreation Department, two mowers and other miscellaneous items. The surplus items will be sold via Purplewave internet auction.

6. Ordinances Adopting STO and UPOC - Ben Hadley ([page 107](#))

The *Uniform Public Offense Code* and *Standard Traffic Offenses* are published annually by the League of Kansas Municipalities and provide a comprehensive reference of public offenses and traffic code for Kansas cities. The proposed ordinances adopt, by reference, these two publications, ensuring Mission maintains uniformity with other agencies in the area, the State, and the actions of the State Legislature.

7. Selection of Voting Delegates for LKM and NLC Annual Meetings - Martha Sumrall ([page 113](#))

As a member city of both the League of Kansas Municipalities and the National League of Cities, Mission may designate voting delegates for the business meetings held at their respective annual conferences. Council may select up to three voting delegates for the LKM Business Meeting, and one voting delegate and one alternate for the NLC Business Meeting.

8. Consolidated Fire District No. 2 Street Solicitation Application to Benefit MDA - Martha Sumrall ([page 114](#))

Annually, Consolidated Fire District No. 2 and IAFF Local 1371 conduct a "boot block" to solicit funds to benefit the Muscular Dystrophy Association. They are requesting approval to solicit at the intersection of Johnson Drive and Broadmoor on September 1-4 (Friday from 6- 8:30 p.m. and Saturday - Monday from 11:00 a.m.-1:00 p.m.).

9. Resolution Designating Additional City Sponsored Festival Events - Martha Sumrall
(page 120)

To allow for the sale of alcohol by a local business at a festival event, Council must approve a resolution designating specific events as “City Sponsored Festival Events” including the date, hours, and the type of alcohol that may be sold. A resolution was previously approved by Council in March, but two additional events have been scheduled since that time. The proposed resolution would designate the Sunflower Festival in August and the Mission Farm & Flower Market Fall Party in October as City Sponsored Festival Events.

DISCUSSION ITEMS

10. Gateway Development - Laura Smith (page) - No Attachments

Bruce Kimmel with Ehlers, Inc., the City’s independent financial advisor, will provide the Council with an update on the status of the analysis and review of the financial information related to the request by the developer of the Gateway project for various public incentives.

City of Mission	Item Number:	1.
ACTION ITEM SUMMARY	Date:	August 1, 2017
Administration	From:	Laura Smith

Action items require a vote to recommend the item to full City Council for further action.

RE: Implementation of Classification and Compensation Study Recommendations

RECOMMENDATION: Approve the recommended implementation steps and schedule from the 2017 Classification and Compensation Study and direct the City Administrator to prepare a Resolution formalizing the same for consideration at the August City Council meeting.

DETAILS: In March 2017, the City contracted with The Austin Peters Group (APG) to conduct a classification and compensation study. Mission's last comprehensive analysis was completed in 2005. Studies of this type assist the City in identifying any potential structural deficiencies such as compression, overlap or internal inequities, and provide a benchmark against the external market.

During a recent worksession, the Council heard initial findings from APG, and subsequently directed staff to develop an implementation plan for the study's recommendations. The final report and a memo outlining implementation strategies and recommendations are now provided for Council consideration. They will be discussed at the August 2nd Finance & Administration Committee meeting and reviewed again at the August 9th Finance & Administration Committee meeting. The implementation of the classification and compensation study is outlined in five steps:

1. Adopt a compensation philosophy
2. Establish position salary ranges/grades
3. Fund market adjustments to existing salaries
4. Conduct annual performance reviews and implement merit increases
5. Ensure ongoing review and maintenance of the system

The recommendations include implementing the first four steps before the end of the 2017 fiscal year. The estimated impact to base wages on an annual basis is (\$132,456 total), resulting from moving 13 employees to new range minimums, and providing one-time market pay compression adjustments to 49 employees. In addition to the impact on base wages, there is an estimated annual impact on additional salary related benefits (FICA, KPERS, KPF, etc.) of approximately \$53,367.

The 2017 budget can accommodate the initial implementation, and the recommendation have been accounted for in the Recommended 2018 Budget. The recommendations stretch available resources to achieve the greatest impact immediately, while ensuring that the process and compensation strategy can be sustained in future budget years.

CFAA CONSIDERATIONS/IMPACTS: The recommended total compensation strategy considers wages and benefits which support employees of all abilities and in all life stages.

MEMORANDUM

Date: August 1, 2017
To: Mayor and City Council
From: Laura Smith, City Administrator
RE: Classification and Compensation Study – Implementation

During the July 12 worksession, the City Council heard the preliminary results of the classification and compensation study recently completed by The Austin Peters Group, Inc. (APG). Becky Crowder of APG presented data collected through the study process, and initiated a conversation with the Governing Body regarding an overall compensation philosophy. A final copy of the APG Report is included in the packet for your review.

According to the study, Mission’s overall salary and compensation structure competes, on average, at the 40th percentile of the market, meaning that out of 10 employers, 4 pay less than the City and 6 pay more. When the larger employers from the peer market survey (Johnson County, Lenexa, Olathe, Overland Park, Shawnee and the Unified Government) are excluded, the City competes closer to the 50th percentile, meaning we “match” the market when evaluated against our more comparably sized peers.

The City’s current relationship to the market is simply a snapshot at a specific point in time, and shouldn’t be perceived as an overall compensation philosophy or attitude toward employee compensation and benefits. An employer may “lag” the market for a number of valid reasons, and the process of developing an overall compensation philosophy can assist an organization in clearly defining and communicating its goals.

This memo outlines the implementation strategies and recommendations staff proposes to accomplish the study’s recommendations. They will be discussed at the August 2nd Finance & Administration Committee meeting and reviewed again at the August 9th Finance & Administration Committee meeting. The implementation of the classification and compensation study is outlined in five steps:

1. Adopt a compensation philosophy
2. Establish position salary ranges/grades
3. Fund market adjustments to existing salaries
4. Conduct annual performance reviews and implement merit increases
5. Ensure ongoing review and maintenance of the system

Implementation Step 1: Adopt a compensation philosophy

According to the Society for Human Resource Management (SHRM), “A compensation philosophy explains the “why” behind employee pay and creates a framework for consistency.

MEMORANDUM

Employers can benefit from being transparent about their compensation philosophy and having an official pay strategy. A well-designed compensation philosophy supports the organization/s strategic plan and initiatives, business goals, competitive outlook, operating objectives, and compensation and total reward strategies.”¹

In order to be effective, a compensation philosophy should be built on a foundation which addresses the following:

- Equity and fairness
- Fiscal sensitivity
- Legal compliance
- Ease of communication/administration

In addition to wages and salaries, a total compensation philosophy will also consider benefits and working conditions. All are important ways in which the organization supports and rewards its employees. Needs and priorities have to be balanced to match the employer’s goals and objectives, and should be reviewed periodically to assess current market factors affecting the employer or the industry.

With respect to wages and salaries, APG recommended that the City consider taking steps to move its compensation structure closer to the 60th percentile of the market. In their experience, when an employer competes at this level, it can positively impact employee retention. In terms of market compensation terminology, moving to the 60th percentile would be considered “slightly leading” the market. Moving ahead of the market has the greatest impact on overall labor costs, so the organization should be very clear in considering what benefits it hopes to realize from adopting this strategy. Ideally, it should increase the pool of qualified applicants, decrease employee turnover, and increase morale and productivity, but must be monitored carefully to determine whether the anticipated benefits are being realized.

As the City considers implementation of the 2017 study results, the areas of greatest concern currently include: 1) increased pressures to recruit qualified applicants, 2) the ability to retain high-performing employees, and 3) employee morale. The first two issues are of greater concern in the Police and Public Works Departments. Turnover has historically averaged 1-2 full-time employees per year in the Police Department, and a total of 3-4 across the entire organization. However, over the last 6-9 months, the number of employees “in process” with other employers has seen a significant uptick.

¹Society for Human Resource Management, “Planning and Design: What is a Compensation Philosophy.”

MEMORANDUM

The APG Report contains the results of an employee survey conducted as a part of the study (Appendix 4). The survey's response rate was 93%, and provides some valuable information on employee's priorities as it relates to total rewards/total compensation. Not surprisingly, wages were the top priority. The information collected will be helpful as we review and evaluate existing and potential benefits in the future. A separate summary of "Total Compensation and Reward Practices by Local Government," provided by APG is included with this packet.

Recommendation: *Adopt the following compensation philosophy for the City of Mission.*

"The City of Mission values all employees and wants to attract, retain, and develop the brightest employees to fully serve our residents, businesses and visitors. The Mission community attracts people from throughout the metropolitan area to work, shop, or attend to other business, and provides a place where they can enjoy "big city services" in a safe, friendly, small-town atmosphere. The City's compensation philosophy is tied to many factors, including the current and future financial position, the size of the organization, the market competition, and the level of difficulty in finding and retaining qualified talent.

Therefore, the City of Mission's adopts a Compensation Philosophy which seeks to:

- Implement pay programs and total reward strategies targeted at the 60th percentile of the market, which treat all employees in a fair and equitable manner.
- Support the organization's fiscal needs, business strategy, competitive outlook, operating objectives and human capital needs.
- Position the City as an employer of choice, one who takes care of its employees and their families.
- Motivate and reward employees to perform at the best of their competencies, abilities and skill sets.
- Retain key talent and reward high-performing employees.
- Conduct a regular review of its pay and reward structure, based on business conditions, competition and ability to pay."

Implementation Step 2: Establish pay grades and ranges by position (Exhibit 1)

After reviewing the salary and benefit survey results, additional salary survey sources when appropriate, the rankings assigned to each position (Steps 2 and 3 in Final Report), and the internal hierarchy and needs of the organization, the consultants developed recommended pay grades and ranges. The study indicates that of the thirty-five positions placed within the proposed salary structure, the grades for twenty-four (24) should remain the same, nine (9) should increase, and one (1) should decrease. No employee will lose pay as a result of implementation of the study's recommendations.

MEMORANDUM

Budget considerations: As a result of the City's goal to move toward the 60th percentile of the market, all of the actual salary ranges will move (increase). The first step recommended in implementing the plan is to move employees to the minimum of their proposed range. This will impact thirteen (13) employees and has an estimated financial impact of \$28,912 (base wages).

Recommendation: Adopt the new grades and ranges (salary structure) effective September 1st and bring incumbents into the new ranges. As necessary, move employees to the new range minimums on the September 22, 2017 payroll using existing 2017 salary funds.

Implementation Step 3: Fund market adjustments to existing salaries.

Although not true for every position, the APG study determined that, overall, the City's current salaries lag the market. In order to address this issue, the study recommended a one-time market pay compression adjustment. The City Administrator and Assistant City Administrator worked with the consultant to estimate strategic adjustments based on a formula that considered an employee's tenure in the position, a targeted benchmark location within the range, and individual performance. Not all employees will receive a market adjustment.

Budget considerations: The one-time market pay compression adjustment has an estimated annual cost of \$103,544 (base wages) and impacts approximately forty-nine (49) employees or 77% of the City's current workforce. There are employees in every Department who will receive the one-time market pay compression adjustment.

Recommendation: Authorize the City Administrator to implement the one-time pay compression adjustments with the October 6, 2017 payroll to improve Mission's competitiveness with the market and assist with employee retention.

Implementation Step 4: Complete annual performance reviews and provide merit increases as appropriate.

Employee performance reviews are conducted in mid- to late October, and any resulting merit increases take effect on the second payroll in November. If Steps 2 and 3 are implemented as recommended, employee salaries would be adjusted prior to the annual review cycle. By implementing merit pay increases following the other salary adjustments employees will receive greatest financial impact/benefit of the study recommendations.

Budget considerations: The 2017 budget contains an estimated 3% merit pool which is sufficient to cover the anticipated increases for the remainder of this fiscal year and into the 2018 Budget. In addition to estimated base wage impacts (\$132,456 total), there is an estimated annual impact on additional salary related benefits (FICA, KPERS, KPF, etc.) of approximately

MEMORANDUM

\$53,367 and has been accounted for in the Recommended 2018 Budget. The recommendations stretch available resources to achieve the greatest impact immediately, while ensuring that the process and compensation strategy is one that can be sustained in future budget years.

Recommendation: Authorize the City Administrator and Department Directors to proceed with the annual performance review process, implementing approved merit increases effective with the November 17, 2017 payroll.

Implementation Step 5: Work with APG to determine appropriate strategies for long-term maintenance of the classification and compensation plan.

Going forward, it will be important to determine the preferred strategy to manage and maintain the pay ranges according to industry best practices. Staff will work with APG to develop an appropriate index and a market adjustment strategy which will be reviewed and considered annually. A new strategy or policy will be discussed with the City Council later this year following implementation of any recommendations from the study.

Budget considerations: Varied and on-going

Recommendation: Direct the City Administrator to work with APG to select an appropriate market index to be considered in future salary ranges adjustments, and support a compensation strategy for new and existing employees which allows them to generally anticipate progression through a salary range based on market benchmarks and individual performance.

Other – Miscellaneous

In addition to the five implementation steps outlined above, the APG study included additional analysis, recommendations, and deliverables in the following areas.

Job Descriptions

The final report contains draft job descriptions which were prepared by APG. These were written following review of surveys completed by each employee (or group of employees), employee interviews, interviews with supervisors and Department Directors and on-site visits. As we take steps toward final implementation, these will go through a final review process with employees and their supervisors and any remaining edits will be incorporated.

MEMORANDUM

Job Titles

Through the job analysis process and the external market surveying, potential title changes were identified for three positions within the organization. Staff continues to work with APG to ensure the titles accurately reflect the position’s responsibilities and provide for easily identifiable market comparisons. The anticipated title changes (which are slightly different than those included in Table 3 of the Final Report) are as follows:

Current Title/Position	Recommended Title/Position
Senior Accountant	Accountant
Senior Accountant	Accounting Manager
Planner	Planning & Development Services Coordinator

FLSA Considerations

APG evaluated the classification of positions pursuant to the Fair Labor Standards Act requirements for exempt and non-exempt employees. Their analysis is included as Appendix 6 in the final report. It recommends that the status of one position (Accountant) be reclassified from exempt to non-exempt. This change has been reflected in the payroll system effective August 1, 2017.

Benefits

The peer survey collected information on various employee benefits as well as salaries. The study indicated that Mission’s current benefit offering competes at the 50th percentile of the market, and the APG report recommended no changes to benefits at this time. The Council will have the opportunity to review and approve a specific employee benefit package for 2018 later this fall.

Employee Meetings/Communication

Following the July 12th worksession, there were two employee meetings to discuss the preliminary results and outline the anticipated recommendations that would be made to the City Council. Approximately 35 employees attended the meetings. A Frequently Asked Questions handout (Exhibit 2) was provided along with the table (Exhibit 1) detailing all full-time positions and the recommended salary grades. There were a number of questions asked and answered, but as we move into the implementation phase, employee communication will continue to be a top priority.

MEMORANDUM

Next Steps

If the implementation recommendations included in this memo are approved, the next step will be the preparation and distribution of individual letters for each full-time employee describing the specific impacts of the study on their compensation. The recommendations will be implemented in accordance with the following timeline:

August 16 th	City Council approves implementation steps
August 17 th – September 8 th	Prepare and distribute employee letters
September 1 st	New salary structure/grades effective
September 22 nd	Employees moved to range minimum (if necessary)
October 6 th	One-time market compression adjustments processes
November 17 th	Annual merit increases processed

I know I speak for not only myself, but the Leadership Team, and the employees in expressing our appreciation for the time and attention the City Council has dedicated to this important issue. I will look forward to answering any questions or providing additional information you may require.

City of Mission, Kansas
Compensation and Benefit Study

July 11, 2017

913-851-7529 (fax)
bcrowder@austinpeters.com (email)

Acknowledgements

This report and study are made possible through a cooperative effort of employees, department heads, and elected officials. The recommendations are tailored with the existing employees in mind, who have contributed and will continue to contribute to the organization's success. The Austin Peters Group, Inc. would especially like to thank Laura Smith, Administrator, and department heads whose leadership is extremely important. This document represents the final report.

Executive Summary

The Governing Body approved engagement of The Austin Peters Group, Inc. in 2017 to conduct an employee compensation and benefit study for positions in the City government. The proposal scope included: 1) providing draft job descriptions and guidance for 39 positions; 2) evaluating and classifying positions into pay grades; and 3) determining what market adjustments should be made based upon information obtained from peers for wages and benefits.

After several months of ongoing meetings with employees, department heads, and the City Administrator, the consulting team submits the attached report.

The findings of the consulting team are briefly outlined below.

The specific findings and recommendations of the study for base wages are:

1. Move employees to the minimum of the proposed ranges for a financial impact of \$28,911.80 (base wages), impacting 13 employees, to compete at the 60th percentile of the market. This means four employers will pay more than the City and six employers will pay less than the City. **The City is currently just below the 40th percentile of the market for pay ranges.**
2. Implement a one-time market pay compression adjustment for a financial impact of \$103,543.86 (base wages), impacting up to 49 employees, to compete at the 60th percentile of the market.
3. Annually move the pay ranges according to an index that follows what pay ranges move for public employers in Kansas and annually adjust employee pay based on performance.
4. Provide specific adjustments by position for Fair Labor Standards Act exempt and non-exempt status changes.
5. Distribute Table 3 to employees. The consulting team will be onsite to hold employee question-and-answer sessions prior to the governing board taking final action and after the governing board accepts the recommendations and directs staff to incorporate recommendations into this year's budget and next year's budget.

I. Background and Introduction

The City engaged the services of The Austin Peters Group, Inc., based in Overland Park, Kansas. The service engagement was for the purposes of: 1) rewriting job descriptions and providing guidance for job titles; 2) evaluating and classifying positions into pay grades; and 3) determining what market adjustments should be made based upon information obtained from peers for wages and benefits.

II. Methodology and Process

Step 1: Interviewing all employees and managers

The Austin Peters Group, Inc. began the process with a review of all job descriptions and a discussion with employees during one-on-one interviews. Employee interviews were held over a couple of days and 32 hours of interviews to provide job description comments and reevaluate employees' positions. Management interviews were also conducted to assess employees' responsibilities, decision-making, supervisory responsibility, knowledge, budget responsibility, contact with the public, and physical and working environmental factors. The purpose of the interview was to gather information to make changes to job descriptions, and to obtain necessary details so an adequate evaluation and classification of the position could be made, and ensure the market comparison is appropriate. Additional meetings with department heads along with department and worksite visits were conducted to validate and clarify information.

Step 2: Ranking Positions based on Factors

The next step in the process was to evaluate each position based on the following factors and weighted percentages:

- 1) Decision-making – 25%
- 2) Supervisory – 25%
- 3) Knowledge – 20%
- 4) Budget Impact – 10%
- 5) Contacts – 10%
- 6) Physical Skills – 5%
- 7) Working Conditions – 5%

Once each position was evaluated and scored, a total ranking was performed, and each position was then placed into recommended ranges based upon the ranking and the market analysis.

Step 3: Clarification with Department Heads

This step of the process involved exchanging information with the department heads to ensure that the consulting team had adequately placed positions internally in the most appropriate range and scored the position appropriately with regard to the above-mentioned factors.

Step 4: Collection of Salary and Benefit Data

The salary and benefit study was completed with data collected from the following benchmark communities: Cities of Atchison, Bonner Springs, Excelsior Springs, Gardner, Gladstone, Grandview, Kearney, Lansing, Leawood, Lenexa, Merriam, Oak Grove, Olathe, Ottawa, Overland Park, Pleasant Hill, Prairie Village, Roeland Park, Shawnee, Smithville; and Johnson County, Unified Government of Wyandotte and Kansas City, Kansas. Data was provided as of April 1, 2017 for 43 benchmark positions. The top payer in the market varies by position, but overall Olathe generally leads the market with Leawood, Lenexa, Shawnee, Overland Park and Johnson County coming in a close second place.

Step 5: Development of Pay Ranges

The development of pay ranges involved reviewing the salary and benefit survey results, additional salary survey sources when appropriate, the rankings that the consultant assigned each position in step 3, and the internal hierarchy and needs of the organization, to determine placement and range amounts. The ranges developed provide for internal equity and hierarchy across the organization.

Employees were placed into the ranges based on whether they were required to be brought up to the minimum of the range. Where an employee's position was behind in the market, additional pay compression adjustments were recommended based on time in position with the City. No employees received a proposed decrease in pay; there is one employee that will be at the top of the proposed range or above the top of the proposed range.

Step 6: Opportunity to Meet with Governing Body

The consultants will present the findings to the governing body.

Step 7: Opportunity to Have Employee Question-and-answer Sessions

The consultants will answer questions from the employees regarding the findings and process. Once the governing body takes final action the consultants will work with City staff to prepare an employee letter detailing each employee's new title, grade, rate of pay, and any other information for that employee.

III. Findings Background

A. Internal Equity

Using the factors of decision making, supervisory, knowledge, budget, contacts, physical skills, and working conditions, all positions were ranked by the point totals and placed into ranges with employees of similar skills, experience and nature of work.

The job evaluation process assumes that “(1) it is logical to pay the most for jobs contributing the most toward attainment of organizational goals and objectives; (2) people feel more fairly treated if wages are based on the relative worth of jobs; and (3) the goals of the enterprise are furthered by maintaining a job structure based on relative worth.”¹

Organizations like the City depend on the contribution of their employees in making the organization successful and in effectively delivering services that citizens have come to expect. Employee compensation is the single greatest expense in doing business, and it requires a strategy and planning that is well thought out and well organized.

The reason compensation systems exist is to reward employees, retain employees, and provide avenues for their growth and development through motivation. The job evaluation process provides a tool for measuring, evaluating and comparing jobs. The question answered is: “What is this job worth in comparison to other jobs?”

Once pay practices and ranges have been established, there are a number of administrative issues that may arise. First, it is important to avoid situations where employees are paid inappropriately relative to the pay range. The purpose of establishing a pay range is to signify and clarify what the position is worth to the organization. Given this, it is important that red-circling, or paying those at a rate above the range maximum, not be allowed. The City has policies in place to address red-circling. Likewise, green-circling should also be avoided unless the purpose is to retain employees who do not meet the minimum qualifications as set out in the job description. Green-circling is a practice where qualified employees are paid below the bottom of the range. The most common method for avoiding this is to bring employees up to the bottom of the range when there is a discrepancy, and the recommendations here provide for adjustments where employees would otherwise be green-circled. The pay ranges should be reviewed on an annual basis and adjusted accordingly.²

¹ French, Wendell, The Personnel Management Process, Human Resources Administration and Development.

² Society for Human Resource Management, Compensation and Benefits Practices, pp. 60-70.

B. Market Adjustments

Once the rankings and ranges were set, a review of the market was necessary to ensure external competitiveness.

Once pay adjustments are implemented, ranges require annual adjustment based on an index that accounts for budgeted movement in ranges for counties and peer cities, and performance adjustments.

Determination of Market

The determination of the appropriate market is based on three factors: 1) occupation (similar jobs or positions that require similar knowledge, skills and abilities); 2) geography (the distance that people are willing to commute to work); and 3) industry (competing with employers that have a similar product line). With regard to occupation, the comparisons selected here are direct one-to-one matches for positions. In the survey conducted, most positions had an occupation match, which means that across organizations the titles and positions carry similar degrees of knowledge, skills, and ability.

The second factor in determining the market is geography and the distance that people are willing to commute to work.

The third element is competition with employers who have a similar product line. Communities that responded to the survey include all those participants outlined in Step 4 of the methodology. The survey had a very strong response.

Each Market Peer was asked to provide the following:

- A brief survey response regarding salary and benefits;
- Mail or email job descriptions;
- A current salary spreadsheet of employees by Department, Position, Minimum Pay, Maximum Pay, Average or Actual Pay, Number of People in Position, Number of People Supervised by this Position, and Exempt or Non-exempt status under Fair Labor Standards Act. Hourly wage rates were reported as of April 1, 2017. A sample and guide was provided to assist respondents.

Each Market Peer was contacted a minimum of four times using email and telephone. Many Market Peers were contacted more than four times to clarify positions, reporting, and responsibilities. Some peers were able to provide all of the data requested, while others were able to provide partial information. APG worked with the Council for Community and Economic Research (C2ER) to purchase Cost of Living Index data (COLI). The Cost of Living Index is the most reliable source of City-to-City comparisons of key consumer costs available anywhere. COLI data is recognized by the U.S. Census Bureau, U.S. Bureau of Labor Statistics, CNN Money, and the President's Council of Economic Advisors.

This information was used to adjust peer data to make it comparable to the City of Mission, Kansas.

Table 1: Participants	County	COLI
Atchison	Atchison	95.3
Bonner Springs	Leavenworth	98.95
Excelsior Springs	Clay/Ray	96.8
Gardner	Johnson	107.7
Gladstone	Clay	101.4
Grandview	Jackson	100.2
Johnson County	Johnson	107.7
Kearney	Clay	101.4
Lansing	Leavenworth	97
Leawood	Johnson	107.7
Lenexa	Johnson	107.7
Merriam	Johnson	107.7
Mission	Johnson	107.7
Oak Grove	Jackson	100.2
Olathe	Johnson	107.7
Ottawa	Franklin	96.3
Overland Park	Johnson	107.7
Pleasant Hill	Cass/Jackson	98.2
Prairie Village	Johnson	107.7
Roeland Park	Johnson	107.7
Shawnee	Johnson	107.7
Smithville	Clay/Platt	98.6
Unified Government	Wyandotte	94.9

C. Health Insurance and other Questions

The benefits survey was designed to determine whether the City has a competitive salary and benefits structure when compared to peers. There are no immediate changes recommended in the benefit structure. Details of the full benefit survey results are on file with the City Administrator. Of the benefits that employers provide, the percentage of employer health insurance premiums are outlined in Table 2, and the amount of days for vacation and sick leave are shown in number of days. This analysis does not look at the quality of health insurance plans.

Table 2: Fringe Benefits		
Fringe Related Item	Mission	Benchmark Group Employer Share
Health Insurance (single)	80.00%	92.9%
Health Insurance (single plus child)	80.00%	78.99%
Health Insurance (single plus spouse)	80.00%	78.82%
Health Insurance (family)	80.00%	76.95%
Vacation after 10 years	16 days	20 days
Annual Sick Leave	12 days	12 days
Annual Holidays	10 days	10 days
Additional Retirement %	2.00%	2.62%

IV. Summary of Findings

Internal Equity and Market Competition – This involves moving employees up in pay to the bottom of the range and implementing the pay ranges recommended in Table 3. The pay range recommendations reflect the market at the 60th percentile of the market. Details for the market survey instrument may be found in Appendix 2, and details for each position’s findings as of April 1, 2017 may be found in Appendix 1.

The cost to bring employees into alignment with the market is as follows:

- 1. Finding:** It is recommended that employees below the recommended range minimum be brought up to the range minimum. Move employees to the minimum of the proposed ranges at the 60th percentile of the market for an estimated financial impact of \$28,911.80 (base wages), impacting 13 employees. This is an overall 9.4% adjustment to most ranges, but varies by market results.
- 2. Finding:** Currently and with the recommendations there is pay compression among employees where new employees with less experience are sitting at or near the same rate of pay as older and more experienced employees. This recommendation would provide a push into the range if they are behind where we would reasonably expect them to be in the new range. Move employees for market pay compression to the 60th percentile of the market. This impacts up to 49 employees and costs \$103,543.86 to base wages for employees. Where an employee’s performance is in question, there should be no market compression adjustment provided.
- 3. Finding:** The health insurance findings suggest that the City is very near the middle of the market, so there are no recommended adjustments.
- 4. Finding:** On an annual basis, the pay ranges need to be adjusted to follow the market in order to keep pace. There are several indexes an employer can choose from to follow.

Table 3: Job Title (**Title change pending)	Department	Current Salary Grade	Current Grade Minimum	Current Grade Maximum	Recommended Salary Grade	Recommended Grade Minimum 60th Percentile	Recommended Grade Maximum 60th Percentile

March 28, 2017

Dear Survey Participants:

Attached is a salary and wage survey for the City of Mission, Kansas. Our firm has been retained by the city to conduct this survey. We have designed the survey so that your completion is fairly easy. Once we receive the results, we will share the information back with you. For private parties, data confidentiality will be strictly maintained by the Austin Peters Group and we will not use your name.

Please respond to the attached survey by April 14, 2017 via fax (913-851-7529), email mjones@austinpeters.com.

If you have any questions, our local contact at the City of Mission is Laura Smith, City Administrator, (913) 676-8352, she would be glad to respond if needed. We appreciate your participation in this survey and know that you will find the results helpful in your compensation planning.

Sincerely,

Beth Tatarko

Beth Tatarko, Vice President
970-266-8724

Directions for Completing Salary and Benefits Survey

1. Each position that is being studied with this survey is briefly described on the worksheets. Please review each brief position description.
2. If your organization uses a different position title, or if the job falls within a different department or area than the one listed, please indicate the title and department you use in the Column 2. If you do not have such a position, indicate N/A (not applicable).
3. In Column 3, determine rate how well the position described matches your position. Mark 1=Very Close Match, 2=Close Match, 3=Fair Match, 4=Poor Match, 5=No Match.
4. In Columns 4 and 5, please provide the following information as of April 1, 2017 for each position. Please provide the requested information on an **hourly basis**. When making conversions to hourly rates please take the annual amount of salary paid to the position and divide that amount by **actual hours worked**. For example, if you have a Laborer who is paid \$15,000 on an annual basis, but works 1,040 hours per year, the hourly rate reported should be \$14.42 and not \$7.22 which would be reported for a full time, 40 hour per week position. Please indicate the **minimum** hourly range for each position. Please indicate the **maximum** hourly range for each position. If you do not have salary ranges, please indicate N/A (not applicable).
5. In Column 6, please indicate the **actual** hourly rate for each position. If you have multiple people filling a position, use the **average** rate for all employees in that position to report actual hourly rate. Please report how many people are in the position as well.
6. In Column 7, please indicate the number of people this position supervises. A supervisor is someone who regularly provides direction; does complete or assist in performance evaluations; does participate in hiring and firing decisions; and does participate in discipline of employees. If this position does not supervise anyone, indicate a zero.
7. In Column 8, indicate if this position receives overtime pay. Y = Yes and N = No.

Thank you for your time. The Austin Peters Group, Inc. and the City of Mission greatly appreciate your participation in this vital study.

General Information Questionnaire

City or Organization: _____
 Survey Completed By: _____
 Phone: _____ Email: _____

For *Private* Employers: ____ (check here if you would like your response kept confidential and not distributed back to the city, but only counted in summary data)
 For *all* Participants: ____ (check here if you would like a copy e-mailed back to you)
 Provide email address here: _____

1. Number of Full-time Equivalent employees:
 - Regular FT (excluding temporary and seasonal) _____
 - Regular PT _____
 - Number of Department Heads _____

2. Benefits:

Item	Employer Share %	Carrier Name	Self-insured Y/N
Health Insurance (employee)			
Health Insurance (employee plus children)			
Health Insurance (employee plus spouse)			
Health Insurance (employee plus family)			
Vision (employee)			
Vision (employee plus children)			
Vision (employee plus spouse)			
Vision (employee plus family)			
Dental (employee)			
Dental (employee plus children)			
Dental (employee plus spouse)			
Dental (employee plus family)			

3. Additional compensation items:

A. Retirement:

What is your retirement program?

What % is your 401K match?

B. Leave:

How many annual holidays do you provide?

How many hours of vacation do you provide for

	0-5 Years	5-10 Years	10 Years or more	Maximum Accrual or carry over?
Exempt				
Non Exempt				

What is your annual sick leave allowed? Explain if you pay out for sick leave or annual leave upon retirement or departure of an employee?

C. Additional Incentives or Certification Pay

Do you have a wellness program?

Do you offer an employee assistance program?

What additional incentives do you offer for employees (childcare, tuition assistance, phone)?

Please list certifications or special duties and the amount that you compensate employees for gaining? (Example EMD Dispatcher, CPA, SHRM)

4. For 2017 what did your organization do for increases:

Item	All Employees - Y/N	% Increase
COLA		
Step Increase		
Longevity

- Processes payment for easements and ensures they are filed with the Register of Deeds.
- Provides emergency management with Police department.
- Provides periodic correspondence to neighborhoods and affected property owners prior to and during construction.
- Represents City on various local and state committees regarding any of the following: flood control, transportation projects, and environmental issues.
- Reviews legal descriptions and seeks required temporary or permanent easements.
- Reviews, revises, and coordinates Stormwater Management Utility User Fees.
- Studies and standardizes department policies and procedures to improve efficiency and effectiveness of operations.
- Performs all other related tasks as required.

Examples of Work (Marginal Functions):

-) None.

Certificate, License: Valid driver's license. American Public Works Association, member preferred or within six months of hire.

Required Education and/or Experience:

One to five years related experience and/or training; and a Master's degree or equivalent; or equivalent combination of education and experience. Degree in business, public administration, civil engineering or a closely related field, and extensive increasingly responsible experience in the public works field.

Preferred Education and/or Experience:

Six to ten years related experience and/or training; and a Master's degree or equivalent; or equivalent combination of education and experience.

Abilities, Knowledge, Skills:

-) Ability to analyze complex problems and develop comprehensive plans from general instructions.
-) Ability to anticipate problems.
-) Ability to apply common sense understanding to carry out instructions and directions furnished in written, oral, or diagram form.

-) Ability to calculate figures and amounts such as discounts, interest, commissions, proportions, and percentages.
-) Ability to communicate effectively orally and in writing with associates, consultants, other governmental agency representatives, City officials, and the general public.
-) Ability to establish and maintain effective working relationships with associates, general public, customers, contractors, vendors, public officials and City Council, local, state and federal authorities, civic leaders and the community.
-) Ability to formulate comprehensive operational policies and procedures.
-) Ability to meet the public and discuss problems and complaints, respond effectively to sensitive situations or inquiries.
-) Ability to perform a considerable volume of detailed recordkeeping tasks.
-) Ability to prepare technical reports.
-) Ability to read, analyze, and interpret the most complex documents.
-) Ability to reliably and predictably carry out duties.
-) Ability to respond to common inquiries or complaints from customers, regulatory agencies, or members of the business community.
-) Ability to review and analyze plans and prepare specifications for the construction of public facilities.
-) Ability to write clear and concise reports, memoranda, directives, and letters.
-) Knowledge of civil engineering principles, practices, and methods as applicable to a municipal setting.
-) Knowledge of department programs, policies, procedures and regulations.
-) Knowledge of municipal public works administration.
-) Knowledge of the City's municipal code and governmental regulations, statutes, laws, and agency rules that affect the functions of municipal government.
-) Knowledge of the functions and organization of municipal government.
-) Knowledge of the principles and practices of public administration, municipal government, personnel and budget administration.
-) Skill in operating a personal computer, laptop, other department office equipment; using applicable department software, using Microsoft products, using web-based systems, and performing data entry.
-) Skill in the use of proper English, spelling, grammar, and punctuation.

Supervision: Responsible for the overall direction, coordination, and evaluation of a department or function. Carries out supervisory responsibilities in accordance with the organization's policies and applicable laws. Responsibilities include supervising direct reports through coaching, interviewing, hiring, and training employees; planning, assigning, and directing work; appraising performance; rewarding and disciplining employees; addressing complaints and resolving problems.

Working Conditions: The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this position.

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this position, the employee may be exposed to conditions such as moving mechanical parts; fumes, dust, toxic or caustic chemicals, and outside weather conditions. The employee may also be exposed to vibration and noise. The employee may work in heavy vehicle traffic conditions, and will often work with constant interruptions. The noise level ranges from quiet to loud. This position may be called out 24 hours a day, including weekends and holidays.

Physical Requirements: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this position, the employee is regularly required to stand and walk, use hands to finger repetitively, grasp, handle, or feel; reach with hands and arms and talk or hear. Vocal communication is required for expressing or exchanging ideas by means of the spoken word. Hearing is required to perceive information at normal spoken word levels. The employee is occasionally required to sit; run; climb or balance and stoop, squat, bend, twist, turn, kneel, crouch, or crawl. Lifting, carrying, moving, pushing or pulling up to 25 pounds may occur. Employee must be able to smell. Specific vision abilities required by this job include close vision, color vision, depth perception, distance vision, and ability to adjust focus. Visual acuity is for preparing and analyzing written or computer data, use of measuring devices, determining the accuracy and thoroughness of work, and observing general surroundings and activities. The worker may be required to wear specialized personal protective equipment.

-) Pours concrete sidewalks, courtyards, curbs, catch basins, tops, steps, and inverts.
-) Lays block catch basins and retaining walls.
-) Lays pipe for storm water, sanitary sewer, and underground electrical conduit. Grades and inspects stormwater system.
-) Picks up and disposes trash, leaves, and debris. Picks up trash and empties trash cans located throughout the City.
-) Unclogs and maintains storm drains.
-) Cleans streets with blower and sweeper.
-) Maintains parks, ball field, creeks and tennis courts; repairs and replaces park benches, picnic tables, playground equipment, and park shelters.
-) Trims, waters, and maintains trees, flowers, bushes, and shrubs.
-) Cuts grass and performs various landscaping duties on City property. Cuts weeds with gas-powered weed eater.
-) Assists with construction and repair of interior building walls.
-) Performs various plumbing, electrical, and mechanical work as required and qualified.
-) Performs snow removal and ice control on streets, sidewalks, trails, parking lots, and doorways. Removes snow from City Hall walkways.
-) Loads and unloads gravel, dirt, and other materials, tools, and equipment.
-) Operates dump truck, uni-loaders, street sweeper, bulldozer, front-end loader, snow plow, salt and sand truck, various landscaping mowers and related equipment, and various equipment used in the repair of streets, etc.
-) Uses a variety of materials and supplies such as rock, asphalt, dirt, salt and brine, concrete, and sod to complete work.
-) Haul materials, and transports vehicles and equipment to job sites using various trucks and transporters.
-) Cleans or prepares sites to eliminate possible hazards.

-) Ensures all safety policies and regulations are followed and adhered to by self, others, and the public. Performs the functions of the job without posing a threat to the health and safety of others and self.
-) Maintains accurate records of daily mileage, materials delivered, and equipment used by location and project.
-) Supports City special events and activities by closing streets, providing signage, picking up trash, setting up, and working with volunteer groups.
-) Performs all other related tasks as required.

Examples of Work (Marginal Functions):

Certificate, License: Possession of an appropriate commercial driver's license valid in the State of Kansas.

Required Education and/or Experience:

Three to six months related experience, high school diploma or G.E.D. and/or training; or equivalent combination of education and experience. Experience in equipment operations and street maintenance experience.

Preferred Education and/or Experience:

Six months to twelve months related experience, high school diploma or G.E.D. and/or training; or equivalent combination of education and experience.

Abilities, Knowledge, Skills:

-) Ability to add, subtract, multiply, and divide in all units of measure, using whole numbers, common fractions, and decimals.
-) Ability to apply common sense understanding to carry out instructions and directions furnished in written, oral, or diagram form.
-) Ability to establish and maintain effective working relationships with associates, public and others.
-) Ability to perform manual labor for extended periods, often under unfavorable weather conditions.
-) Ability to read and interpret documents such as safety rules, operating and maintenance instructions, and procedure manuals.
-) Ability to understand and follow specific oral instructions.
-) Knowledge of municipal repair and maintenance procedures.
-) Knowledge of the safe use, operation and preventive maintenance of assigned equipment.
-) Knowledge of traffic laws and regulations governing equipment operation.
-) Skill in the use of assigned equipment.

Supervision: None.

Working Conditions: The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this position, the employee is exposed more than two thirds of the time to conditions such moving mechanical parts; may use cleaning and lubricating chemicals and ingredients that would expose the employee to fumes, dust, and other air contaminants that may cause eye and skin irritation, toxic or caustic chemicals, and outside weather conditions of rain, snow, heat, cold, and a variety of atmospheric conditions. The employee may also be exposed to high, precarious places while climbing on a ladder or in a bucket truck, and vibration and noise while using power tools and equipment. The employee may work in heavy vehicle traffic conditions, and often work with constant interruptions. The employee may also be exposed to risk of electrical shock. The noise level in the work environment is usually loud. This position may be called out 24 hours a day or rotate being on call, including weekends and holidays.

Physical Requirements: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

While performing the duties of this position, the employee is regularly required to stand and walk, walk on level and slippery surfaces, use hands to finger repetitively, grasp, handle, or feel; reach with hands and arms and talk or hear. The employee is occasionally required to sit; run; climb or balance and stoop, squat, bend, twist, turn, kneel, crouch, or crawl. Lifting, carrying, moving, pushing or pulling up to 25 pounds occurs with tools, equipment, and supplies. Employee must be able to smell and detect odors such as toxic gas and equipment problems. Specific vision abilities required by this job include close vision, color vision, depth perception, distance vision, and ability to adjust focus when inspecting work, evaluating defects and using small parts, use of measuring devices, assembly or fabrication of parts, reading reports and meters, and driving equipment. Vocal communication is required for expressing or exchanging ideas by means of the spoken word; hearing is required to perceive information at normal spoken word levels. The worker may be exposed to bloodborne pathogens and may be required to wear specialized personal protective equipment.

The employee may also be exposed to high, precarious places while climbing on a ladder or in a bucket truck, and vibration and noise while using power tools and equipment. The employee may work in heavy vehicle traffic conditions, and often work with constant interruptions. The employee may also be exposed to risk of electrical shock. The noise level in the work environment is usually loud. This position may be called out 24 hours a day or rotate being on call, including weekends and holidays.

Physical Requirements: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The position requires sitting, standing, walking on level and slippery surfaces, reaching, twisting, turning, kneeling, bending, stooping, squatting, crouching, grasping and making repetitive hand movements in the performance of daily duties. The use of a sense of smell and hearing is needed in detecting toxic gas and equipment problems. The position also requires both near and far vision when inspecting work, reading reports and meters, conducting laboratory analysis and overseeing personnel. The need to lift, carry, and push tools, equipment, and supplies weighing 50 pounds or more is required. The position involves working outdoors in all weather conditions including rain, heat, and cold. The incumbent may use cleaning and lubricating chemicals and ingredients that would expose the employee to fumes, dust, and air contaminants that may cause eye and skin irritation. The nature of the work also requires the incumbent to climb on ladders, use power and noise-producing tools and equipment, drive motorized vehicles and heavy equipment, work in heavy vehicle traffic conditions, and often work with constant interruptions.

July 31, 2017

Laura Smith, City Administrator
 City of Mission

Dear Laura,

The City of Mission has requested our services to evaluate the classification of positions pursuant to the Fair Labor Standards Act Classifications of Exempt and Non-exempt. The report here is for informational purposes only and not for the purpose of providing legal advice. As you know, the possible categories that positions can be classified into include: computer exemption, executive, administrative, and learned professional for this consideration. The positions covered in the review are listed below, in the analysis where a position was close to either category a more conservative recommendation of non-exempt was provided as it best protects the employer's financial interest. If a position is not on the list, the current classification stands. The court interpretation of exemptions has been very narrow and the burden is on the employer to prove that the position meets each test criteria within a category of classification, moreover, even if one position with a job title meets the criteria a person with the same job title, but slightly different functions for whatever reason may not meet the exemption; thus the review has to be case by case and should not be generalized. The review here does not include meeting of the salary requirement minimums which were to be effective December 2016 of \$47,476, but have been put on hold by the Courts and the new administration appears to be preparing to make further changes.

The positions covered in this report are as follows along with their current and recommended classification:

Department	Title	Current Status	Recommended Status
Administration	Senior Accountant (Debbie Long)	Exempt	Exempt
Administration	Human Resource Specialist	Exempt	Exempt
Administration	Senior Accountant (Arla Speer)	Exempt	Non-Exempt
Administration	Public Information Officer	Exempt	Exempt
Community Development	Planner	Exempt	Exempt

Facility Maintenance Supervisor	Facility Maintenance Supervisor	Exempt	Exempt
Police	Captain	Exempt	Exempt
Parks and Recreation	Administrative Supervisor	Exempt	Exempt
Parks and Recreation	Recreation Program Supervisor	Exempt	Exempt
Public Works	Public Works Superintendent	Exempt	Exempt

Sincerely,

Becky

Rebecca G. Crowder, President

Report for the City of Mission FLSA Review

July 31, 2017

The Austin Peters Group, Inc.

913-851-7529 (fax)
bcrowder@austinpeters.com (email)

1. Methodology

For each position under consideration, the human resource department forwarded current copies of job descriptions. The department supervisor for each position filled out a questionnaire designed to specifically guide questions and answers for determining classification status. After receiving and reviewing the questionnaires along with the job descriptions, a phone interview was held with the supervisor to go over the responses, ask additional questions, and in some cases for additional information to be considered. All of that information combined to form the recommendations seen in this report.

2. Classification Categories Considered – Computer, Executive, Administrative, Learned Professional

Computer Employee Exemption

To qualify for the computer employee exemption, all of the following tests must be met:

- ✓ The employee must be compensated either on a salary or fee basis at a rate not less than \$913 per week or, if compensated on an hourly basis, at a rate not less than \$27.63 an hour;
- ✓ The employee must be employed as a computer systems analyst, computer programmer, software engineer or other similarly skilled worker in the computer field performing the duties described below;
- ✓ The employee's primary duty must consist of:
 - 1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;
 - 2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;
 - 3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or
 - 4) A combination of the aforementioned duties, the performance of which requires the same level of skills.

Example of exempt positions: those meeting 1-4 above and hourly requirements.

Example of non-exempt positions: those not meeting 1-4 above and not meeting hourly requirements.

Key Differences: A note of caution in this review – working with computers does not equal an exemption. For example, help desk employees may be educating and assisting users in how to use software, printers, maneuver screens; or support specialists may be researching and resolving a complex problem, these activities do not alone qualify for an exemption.

Executive Exemption

To qualify for the executive employee exemption, all of the following tests must be met:

- ✓ The employee must be compensated on a salary basis (as defined in the regulations) at a rate not less than \$913 per week;
- ✓ The employee's primary duty must be managing the enterprise, or managing a customarily recognized department or subdivision of the enterprise;
- ✓ The employee must customarily and regularly direct the work of at least two or more other full-time employees or their equivalent; and
- ✓ The employee must have the authority to hire or fire other employees, or the employee's suggestions and recommendations as to the hiring, firing, advancement, promotion or any other change of status of other employees must be given particular weight.

Example of exempt positions: Plant Quarry Manager, Shop Foreman, Assistant Store Manager, Construction Superintendent, Chief Chef, Assistant Restaurant Manager, Printing Production Supervisor, Receiving Department Foreman, EMS Director, Bank Collection Team Leader, Deputy Fire Chief, Coffee Shop Manager, Convenience Store Manager, Store Manager.

Example of non-exempt positions: Delinquent Account Collection Manager, Correction Foreman, Housing Inspector, Truck Supervisor, Working Foreman, Drive through Grocery Store Manager, Store Managers.

Key Differences: If they were really supervising and managing, and whether the primary duty consists of managing the enterprise.

Administrative Exemption

To qualify for the administrative employee exemption, all of the following tests must be met:

- ✓ The employee must be compensated on a salary or fee basis (as defined in the regulations) at a rate not less than \$913 per week;
- ✓ The employee's primary duty must be the performance of office or non-manual work directly related to the management or general business operations of the employer or the employer's customers; and
- ✓ The employee's primary duty includes the exercise of discretion and independent judgment with respect to matters of significance.

Example of exempt positions: Insurance Claims Adjusters, Financial Service Marketing Representative, Team Leader, Executive Assistant, Administrative Assistant, Human Resource Manager, Purchasing Agent, Office Manager, Shipping Director, Assistant Fire Chief, Oil Pipeline Field Inspector, Air Traffic Controller, Bank Vice President, Complaint Investigator, Accounting Manager, EMS Director, Production Editor, Academic Counselor, Sales Representative, Field Engineer, Event Supervisor, Insurance Appraiser, Technical Nuclear Power Plant Writer, Insurance Adjuster, Customer Relations Manager, Private

Investigator, Law Specialist, School Resource Officer, Chief Jailer, Pharmaceutical Sales Representative.

Example of non-exempt positions: Inspectors, Examiners, Graders, Comparison Shoppers, Personnel Clerks, Mortgage Loan Officers, Work Order Processor, Radio Station Engineer, Factor Foreman, Delinquent Account Collector, Bookkeeper, T.V. Reporter, Probation Officer, Inside Salesperson, Payroll Administrator, Maintenance Supervisor, Medical Investigator, Planning Technician, Site Manager, Real Estate Closer, Loan Underwriter, Advertising Salesperson, Pharmaceutical Sales Representative.

Key Differences: Here as prior, it is not the title that determines exempt status, but rather whether the primary duty was office or non-manual work directly related to the management or general business operations of the employer or customers; and whether the primary duty included the exercise of discretion and judgment on matters of significance. The use of discretion involves comparing and evaluating courses of conduct, action, decisions. The use of a manual does not preclude the exemption from carrying forward if the use of the manual is highly technical, scientific, legal, financial that it can only be interpreted by those with advanced or specialized knowledge or skills.

Learned Professional Exemption

To qualify for the learned professional employee exemption, all of the following tests must be met:

- ✓ The employee must be compensated on a salary or fee basis (as defined in the regulations) at a rate not less than \$913 per week;
- ✓ The employee's primary duty must be the performance of work requiring advanced knowledge, defined as work which is predominantly intellectual in character and which includes work requiring the consistent exercise of discretion and judgment;
- ✓ The advanced knowledge must be in a field of science or learning; and
- ✓ The advanced knowledge must be customarily acquired by a prolonged course of specialized intellectual instruction.

Example of exempt position fields of a learning profession: law, medicine, theology, accounting, actuarial computation, engineering, architecture, teaching, physical science, chemical science, biological science, pharmacy, nursing (registered or above), registered or certified medical technologists, dental hygienists, physician assistants, pharmacists, teachers, accountants, chefs, athletic trainers, funeral directors, embalmers, journalists, pilots, social service case manager. The Department of Labor states that possessing an appropriate academic degree is the best on the face of it case that a position qualifies as a learned professional exemption, however, this category too is a case-by-case analysis.

Example of non-exempt positions: Paramedics and Emergency Medical Technicians, Paralegals, X-ray technician, Probation Officer, Medical Assistant, Case Manager for Disabled, Draftsman, Social Workers (who were not required to have a degree or course of study).

Key Differences: Whether the primary duty (over 50% in general), requires an advance type of science or learning and the employee must consistently exercise discretion and judgment.

3. Recommendations

The positions covered in this report are as follows in Table 2, a Yes or No is indicated under the category of exemption if it applies. The column titled Exempt Non-Exempt Per Duties indicates whether the position is exempt or non exempt per their duties.

Department	Title	Executive	Administrative	Professional	Exempt Non-Exempt Per Duties
Administration	Senior Accountant (Debbie Long)	No	Yes	Yes	Exempt
Administration	Human Resource Specialist	No	Yes	Yes	Exempt
Administration	Senior Accountant (Arla Speer)	No	No	No	Non-Exempt
Administration	Public Information Officer	No	Yes	Yes	Exempt
Community Development	Planner	Yes	Yes	Yes	Exempt
Facility Maintenance Supervisor	Facility Maintenance Supervisor	Yes	No	No	Exempt
Police	Captain	Yes	Yes	No	Exempt
Parks and Recreation	Administrative Supervisor	Yes	Yes	No	Exempt
Parks and Recreation	Recreation Program Supervisor	Yes	No	Yes	Exempt
Public Works	Public Works Superintendent	Yes	No	No	Exempt

4. Appendix – Questionnaire to follow for Exemptions

Executive Exemption

To qualify for the executive employee exemption, all of the following tests must be met:

<p>Executive Exemption – Please circle yes or no in relationship to the non italicized statement (the italicized statements are meant to provide direction)</p> <p>_____ (list position)</p> <p>_____ (your name and email)</p>	
<p>Yes or No (please circle)</p>	<p>The employee’s primary duty must be managing the enterprise, or managing a customarily recognized department or subdivision of the enterprise; <i>“Primary duty” means the principal, main, major or most important duty that the employee performs. Determination of an employee’s primary duty must be based on all the facts in a particular case, with the major emphasis on the character of the employee’s job as a whole.</i> <i>Generally, “management” includes, but is not limited to, activities such as interviewing, selecting, and training of employees; setting and adjusting their rates of pay and hours of work; directing the work of employees; maintaining production or sales records for use in supervision or control; appraising employees’ productivity and efficiency for the purpose of recommending promotions or other changes in status; handling employee complaints and grievances; disciplining employees; planning the work; determining the techniques to be used; apportioning the work among the employees; determining the type of materials, supplies, machinery, equipment or tools to be used or merchandise to be bought, stocked and sold; controlling the flow and distribution of materials or merchandise and supplies; providing for the safety and security of the employees or the property; planning and controlling the budget; and monitoring or implementing legal compliance measures.</i> <i>The phrase “a customarily recognized department or subdivision” is intended to distinguish between a mere collection of employees assigned from time to time to a specific job or series of jobs and a unit with permanent status and function.</i></p>
<p>Yes or No (please circle)</p>	<p>The employee must customarily and regularly direct the work of at least two or more other full-time employees or their equivalent; and <i>The phrase “customarily and regularly” means greater than occasional but less than constant; it includes work</i></p>

	<p><i>normally done every workweek, but does not include isolated or one-time tasks.</i></p> <p><i>The phrase “two or more other employees” means two full-time employees or their equivalent. For example, one full-time and two half-time employees are equivalent to two full-time employees. The supervision can be distributed among two, three or more employees, but each such employee must customarily and regularly direct the work of two or more other full-time employees or the equivalent. For example, a department with five full-time nonexempt workers may have up to two exempt supervisors if each supervisor directs the work of two of those workers.</i></p>
Yes or No (please circle)	<p>The employee must have the authority to hire or fire other employees, or the employee’s suggestions and recommendations as to the hiring, firing, advancement, promotion or any other change of status of other employees must be given particular weight.</p> <p><i>Factors to be considered in determining whether an employee’s recommendations as to hiring, firing, advancement, promotion or any other change of status are given “particular weight” include, but are not limited to, whether it is part of the employee’s job duties to make such recommendations, and the frequency with which such recommendations are made, requested, and relied upon. Generally, an executive’s recommendations must pertain to employees whom the executive customarily and regularly directs. It does not include occasional suggestions. An employee’s recommendations may still be deemed to have “particular weight” even if a higher level manager’s recommendation has more importance and even if the employee does not have authority to make the ultimate decision as to the employee’s change in status.</i></p>

Administrative Exemption

To qualify for the administrative employee exemption, all of the following tests must be met:

Administrative Exemption – Please circle yes or no in relationship to the non italicized statement (the italicized statements are meant to provide direction)	
_____ (list position) _____ (your name and email)	
Yes or No (please circle)	<p>The employee’s primary duty must be the performance of office or non-manual work directly related to the management or general business operations of the employer or the employer’s customers; and <i>“Primary duty” means the principal, main, major or most important duty that the employee performs. Determination of an employee’s primary duty must be based on all the facts in a particular case, with the major emphasis on the character of the employee’s job as a whole.</i></p> <p><i>To meet the “directly related to management or general business operations” requirement, an employee must perform work directly related to assisting with the running or servicing of the business, as distinguished, for example from working on a manufacturing production line or selling a product in a retail or service establishment. Work “directly related to management or general business operations” includes, but is not limited to, work in functional areas such as tax; finance; accounting; budgeting; auditing; insurance; quality control; purchasing; procurement; advertising; marketing; research; safety and health; personnel management; human resources; employee benefits; labor relations; public relations; government relations; computer network, Internet and database administration; legal and regulatory compliance; and similar activities.</i></p> <p><i>An employee may qualify for the administrative exemption if the employee’s primary duty is the performance of work directly related to the management or general business operations of the employer’s customers. Thus, employees acting as advisors or consultants to their employer’s clients or customers — as tax experts or financial consultants, for example — may be exempt.</i></p>
Yes or No (please circle)	<p>The employee’s primary duty includes the exercise of discretion and independent judgment with respect to matters of significance.</p>

In general, the exercise of discretion and independent judgment involves the comparison and the evaluation of possible courses of conduct and acting or making a decision after the various possibilities have been considered. The term must be applied in the light of all the facts involved in the employee's particular employment situation, and implies that the employee has authority to make an independent choice, free from immediate direction or supervision. Factors to consider include, but are not limited to: whether the employee has authority to formulate, affect, interpret, or implement management policies or operating practices; whether the employee carries out major assignments in conducting the operations of the business; whether the employee performs work that affects business operations to a substantial degree; whether the employee has authority to commit the employer in matters that have significant financial impact; whether the employee has authority to waive or deviate from established policies and procedures without prior approval, and other factors set forth in the regulation. The fact that an employee's decisions are revised or reversed after review does not mean that the employee is not exercising discretion and independent judgment. The exercise of discretion and independent judgment must be more than the use of skill in applying well-established techniques, procedures or specific standards described in manuals or other sources. The term "matters of significance" refers to the level of importance or consequence of the work performed. An employee does not exercise discretion and independent judgment with respect to matters of significance merely because the employer will experience financial losses if the employee fails to perform the job properly. Similarly, an employee who operates very expensive equipment does not exercise discretion and independent judgment with respect to matters of significance merely because improper performance of the employee's duties may cause serious financial loss to the employer.

To qualify for the learned professional employee exemption, all of the following tests must be met:

Learned Professional Exemption – Please circle yes or no in relationship to the non italicized statement (the italicized statements are meant to provide direction) _____ (list position) _____ (your name and email)	
Yes or No (please circle)	<p>The employee’s primary duty must be the performance of work requiring advanced knowledge, defined as work which is predominantly intellectual in character and which includes work requiring the consistent exercise of discretion and judgment;</p> <p><i>“Primary duty” means the principal, main, major or most important duty that the employee performs. Determination of an employee’s primary duty must be based on all the facts in a particular case, with the major emphasis on the character of the employee’s job as a whole.</i></p> <p><i>“Work requiring advanced knowledge” means work which is predominantly intellectual in character, and which includes work requiring the consistent exercise of discretion and judgment. Professional work is therefore distinguished from work involving routine mental, manual, mechanical or physical work. A professional employee generally uses the advanced knowledge to analyze, interpret or make deductions from varying facts or circumstances. Advanced knowledge cannot be attained at the high school level.</i></p>
Yes or No (please circle)	<p>The advanced knowledge must be in a field of science or learning; and</p> <p><i>Fields of science or learning include law, medicine, theology, accounting, actuarial computation, engineering, architecture, teaching, various types of physical, chemical and biological sciences, pharmacy and other occupations that have a recognized professional status and are distinguishable from the mechanical arts or skilled trades where the knowledge could be of a fairly advanced type, but is not in a field of science or learning.</i></p>
Yes or No (please circle)	<p>The advanced knowledge must be customarily acquired by a prolonged course of specialized intellectual instruction.</p> <p><i>The learned professional exemption is restricted to professions where specialized academic training is a standard prerequisite for entrance into the profession. The best evidence of meeting this requirement is having the appropriate academic degree. However, the</i></p>

	<p><i>word “customarily” means the exemption may be available to employees in such professions who have substantially the same knowledge level and perform substantially the same work as the degreed employees, but who attained the advanced knowledge through a combination of work experience and intellectual instruction. This exemption does not apply to occupations in which most employees acquire their skill by experience rather than by advanced specialized intellectual instruction.</i></p>

Total Compensation and Reward Practices by Local Government

- ❖ Over 90% of respondents look at compensation and benefits together when preparing a total reward package
- ❖ Since the recent great recession, respondents have added more creative ways to reward and recognize employees
 - Peer Recognition -- 25%
 - Additional Time Off -- 23%
 - Performance One-time Bonus --18%
 - Employee of Month or Year-- 17%
 - Gift Cards -- 14%
- ❖ Before the Great Recession, 45% of Respondents Provided a form of Variable Pay like Merit, after the Great Recession, the number is closer to 30% of Respondents
 - Of the Group Providing Variable Pay the following are used:
 - Pay for Performance – 88%
 - Skill Based Pay – 15%
 - Competency Based Pay – 10%
 - Spot Awards – 12%
 - Goal Sharing – 4%
 - Team Performance – 3%
- ❖ Of the Group Using Pay for Performance, to What Degree is the Organization More Effective?
 - (Small) more effective – 37%
 - (Moderately) more effective – 35%
 - (Greatly) more effective – 15%
 - (Very Greatly) more effective – 2%
- ❖ Obstacles to Pay for Performance
 - Training
 - Buy in from Management Team and Cohesion
 - Linking Employee Objectives with Organization Objectives
 - Budget Availability
 - Some People are Not Motivated by Money

Sources: IPMA Benchmarking Study and Texas Panhandle CPM Program Review Article

- ❖ Special Pay for Respondents
 - Uniforms – 77%
 - Temporary Assignment Differential – 61%
 - Shift Differential – 59%
 - Longevity Pay – 55%
 - Employee Recognition – 48%
 - Tool or Equipment Allowance – 38%

Source: IPMA HR Benchmarking Report: Variable Pay in the Public Sector (2012)

**City of Mission
Classification and Compensation Study
Review and FAQ**

What did the study do?

- Compared employees with their position classifications
- Used a point-factor system that reflected the value of work – supervisory responsibility, budgetary impact, knowledge, decision-making, public contact, working conditions, and physical conditions
- Provided internal and external equity
- Surveyed benchmark jobs in the market
- Developed recommendations and created a structure and a process that will treat employees uniformly and fairly.

What didn't the study do?

- Identify job cuts, efficiencies, or process improvements
- Compare one department's performance vs. another
- Recommend pay cuts
- Focus on personalities or people, only on the positions
- Recommend rewarding top performers or disciplining poor performers
- Impact pay for all employees

Who were the cities that salary and benefit data was collected from?

Atchison, Bonner Springs, Excelsior Springs, Gardner, Gladstone, Grandview, Kearney, Lansing, Leawood, Lenexa, Merriam, Oak Grove, Olathe, Ottawa, Overland Park, Pleasant Hill, Prairie Village, Roeland Park, Shawnee, Smithville; and Johnson County, Unified Government of Wyandotte and Kansas City, Kansas. The top payer in the market varies by position, but overall Olathe generally leads the market with Leawood, Lenexa, Shawnee, Overland Park and Johnson County following closely.

How were the grades assigned to the positions?

Each position was evaluated based on the following weighted factors:

- 1) Decision-making – 25%
- 2) Supervisory – 25%
- 3) Knowledge – 20%
- 4) Budget Impact – 10%
- 5) Contacts – 10%
- 6) Physical Skills – 5%
- 7) Working Conditions – 5%

Once each position was evaluated and scored, a total score was assigned, and each position was then placed into a recommended pay grade.

What happens next?

City Administrator will be working with the consultants to answer questions from the employees regarding the findings and process. A final report will be prepared for the City Council to review and adopt. Once the Council takes final action the consultants will work with City staff to prepare an employee letter detailing each employee's new title (if applicable), grade, rate of pay, and any other information relevant to salary changes for that employee. The City Council will be asked to approve implementation of the recommendations this fall, prior to and in connection with the annual performance review process.

How much will it cost?

The total estimated impact to the budget is being finalized, but preliminary calculations indicate that the total annual impact for initial implementation will be \$200,000 - \$225,000 dollars.

Will every employee receive more money as a result of the study?

No. All employees will be assigned to the new salary ranges, but not everyone will receive an increase in pay. Employees who fall below new range minimums will be adjusted. In addition, approximately 49 employees will receive a compression/market adjustment based on their current salary and time in the position.

Will these pay adjustments take the place of the annual merit increases?

No. All employees will go through the regular performance evaluation process, and will be eligible for a merit increase.

What if I have more questions?

Please contact your Department Director. He/she will then schedule a meeting with the City Administrator, and, if necessary, the consultants to review and answer your questions.

The Honorable Mayor and City Council of the City of Mission, Kansas:

The City of Mission Leadership Team is pleased to present the Recommended 2018 budget. It is a balanced budget, as required by law, and maintains the City's high service levels and sound financial position while also minimizing the tax burden on our citizens and businesses.

Each year we identify potential threats and opportunities to the budget. These may be identified from economic trends, legislative action, the public, the City Council, or professional staff. The following issues were discussed during the development of the 2018 Budget:

- Balancing service delivery/operating needs with infrastructure investment
- Appropriately funding facility and equipment needs
- Implementing recommendations from the 2017 Classification and Compensation study
- Anticipated increases in employee health/welfare and retirement costs that outpace inflation
- Continuing to explore cost recovery goals for the Community Center to move toward 100% self-sufficiency
- Impacts of decision on repayment obligations related to the Transportation Utility Fee
- Leveraging increased redevelopment opportunities city-wide
- Planning for and implementing changes necessitated by the property tax lid

The City of Mission's budget covers the period of January 1st through December 31st. The entire budget is made up of more than a dozen individual funds totaling \$18.6 million in estimated expenditures for 2018. Most of the annual budget discussions focused on the City's General Fund and those funds tied specifically to capital infrastructure investments, including the Capital Improvement Fund, the Stormwater Utility Fund, the Street Sales Tax Fund, the Special Highway Fund, the Special Parks Fund, and the Parks & Recreation Sales Tax Fund. In addition, there are several miscellaneous funds which the City is required to maintain that are detailed later in this overview.

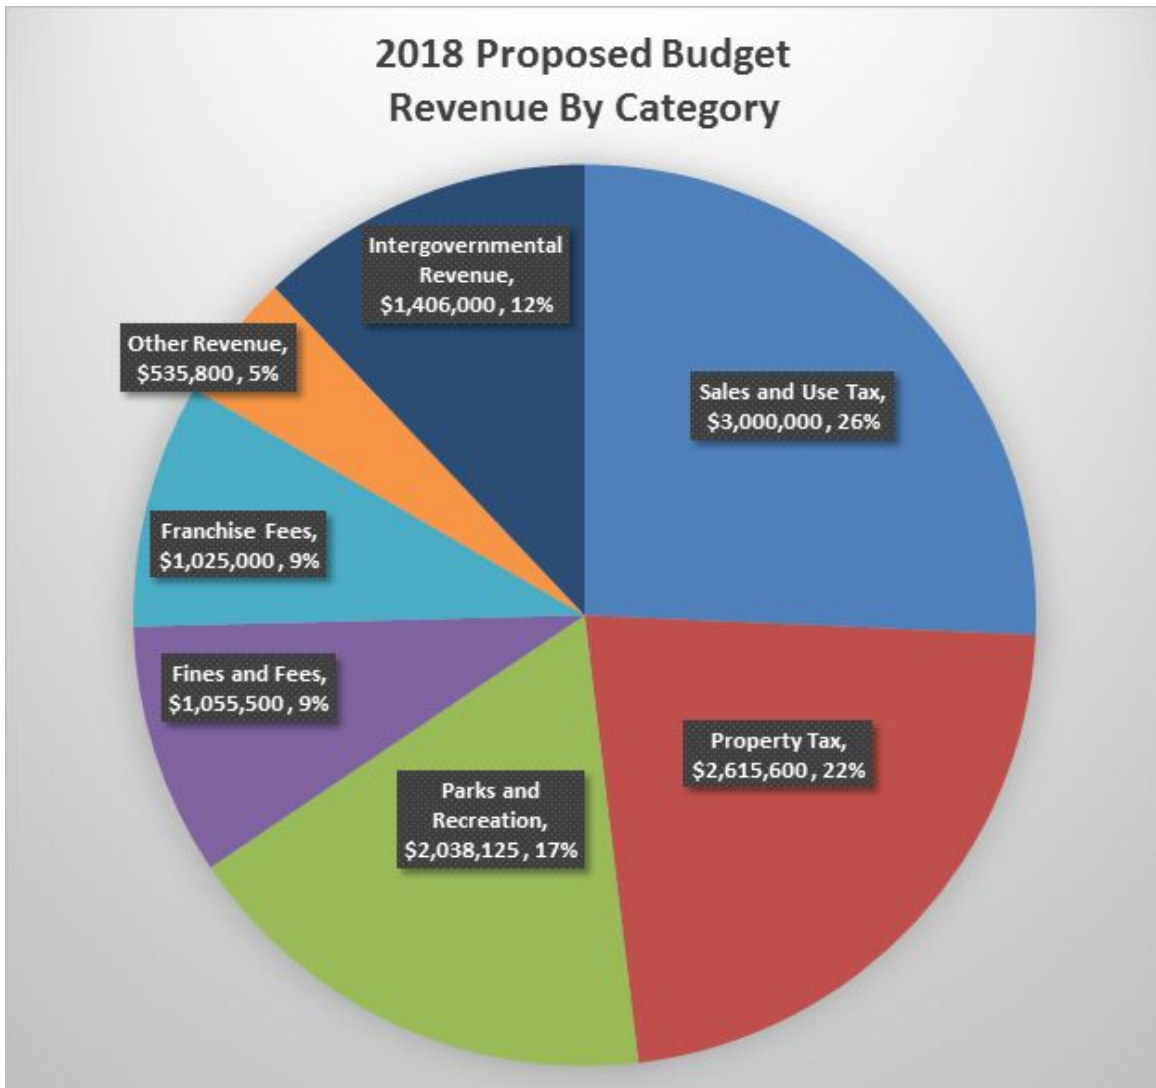

General Fund

The City's General Fund accounts for core municipal functions and services such as Public Safety, Public Works, Parks & Recreation, and Administration. It is an operating budget, focused primarily on revenues coming and going in a particular fiscal year. There are three primary revenue streams that support the General Fund budget: sales/use taxes (local and intergovernmental), property taxes, and parks and recreation revenues. Altogether, they make up nearly 80% of the annual General Fund budget resources. Fluctuations in these revenue streams impact how the City is able to pay for and maintain core services.

Revenue Highlights

Total estimated revenues in the 2018 General Fund budget are \$11.75 million. Revenues are predicted to experience a slight decrease (less than 1%) between 2017 and 2018. While there are shifting trends

among revenue categories (sales taxes, fines, community center), the revenue streams do not demonstrate increases sufficient to keep pace with inflation, increases in personnel costs, or ongoing capital equipment and facility needs.

The 2018 Recommended Budget maintains the mill levy constant with 2017, and does not include any significant increases in fees or taxes collected by the City.

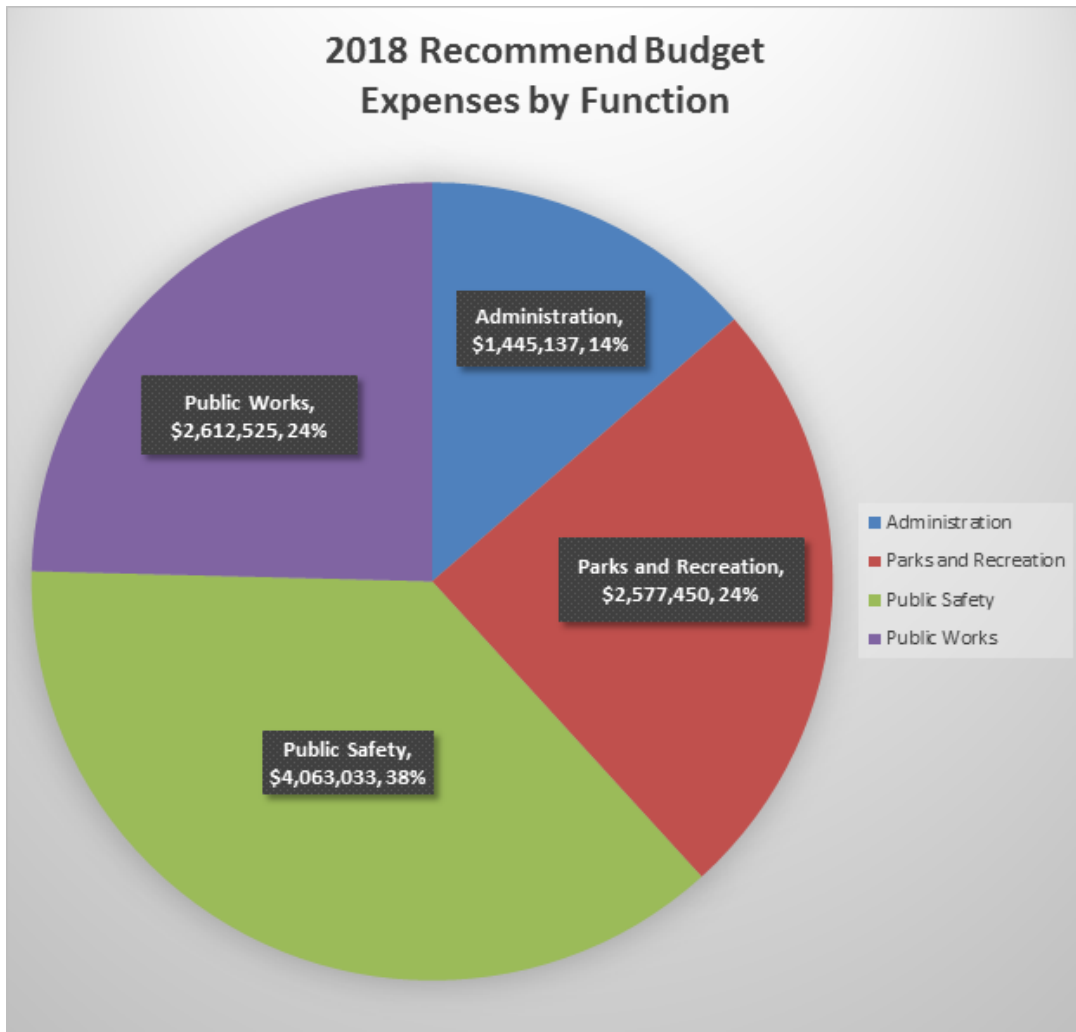

Of the total estimated mill rate used to support the 2018 Recommended Budget (18.019 mills), 11.019 mills will support General Fund operations. The revenue generated by the remaining 7 mills (\$900,000) has been earmarked for street maintenance and will be transferred to the Capital Improvement Fund.

The only new revenue stream included in the 2018 Recommended Budget is the ¼-cent Public Safety sales tax approved by the County in November 2016. The sales tax is “special purpose,” dedicated to construction of the Johnson County Courthouse and Coroner’s Facility and became effective April 1, 2017. Staff has estimated receipts of \$193,000 in the 2018 Budget. The sales tax has a 10-year sunset. While use of the sales tax is restricted at the County level, the City has no restrictions on how the funds may be used locally.

The 2018 Budget is the first one subject to the property tax lid legislation passed during the 2016 legislative session. Using the 5-year rolling average of CPI-U inflation rates (1.4%) and incorporating the exemptions and formulas set out in the new law, the City was able to retain the estimated appraisal growth without limitation.

Expenditure Highlights

The 2018 Recommended General Fund expenditures are estimated to decrease 5.18% from the 2017 Budget, including transfers. This is primarily the result of reductions in expenses associated with capital equipment purchases and leases. The 2018 General Fund Expenditures by function are detailed in the graph below:

Personnel

The largest expenditure category in the General Fund is Personnel Services. Budgeted at \$6.85 million, these costs represent approximately 64% of the total General Fund budget, excluding transfers. No new positions were requested as a part of the 2018 Budget process. The 2018 Recommended Budget includes sixty-eight (68) full-time employees.

Personnel costs increased 4.18% over the 2017 Budget, primarily as a result of the implementation of changes recommended by the 2017 Classification and Compensation Study.

Contractuals/Commodities

Contractual services and commodities make up the next largest share of the General Fund expenses, accounting for a combined total of approximately \$3.4 million in 2018. Contractual services are things provided or secured through contracts with others, including utilities, legal services, engineer/architect services, prisoner housing, and maintenance/operation of traffic signals. Commodities are consumable goods such as fuel, salt, program supplies, etc. Careful management of the departmental budgets provides for controlled expenditures in both of these categories.

Capital/Debt Service

The 2018 Budget includes funding for all current capital lease-purchase obligations including streetlights, police vehicles, and the street sweeper. Capital expenditures reflect purchases which will be made outright, and are based on vehicle and equipment replacement schedules maintained by each Department. Capital equipment items to be purchased from the General Fund in 2018 include:

- Replacement Servers
- Multi-function printers/copiers (City Hall, Police Department, Community Center)
- Court Software
- Crack Seal Machine
- Utility Trailer
- Ice Maker
- Work area modifications to improve customer service
- Handguns/Shotguns
- Radar Equipment

Transfers

Transfers are used to support programs and activities budgeted in other funds. The 2018 budget includes a transfer from the General Fund to the Capital Improvement Fund in the amount of \$900,000 for street maintenance activities. A transfer in the amount of \$110,000 is also included, and represents the transfer to the Solid Waste Utility Fund to subsidize a portion of the residential trash service contract. Finally, the 2018 Budget includes a transfer of \$100,000 to the Equipment Replacement Fund to build reserves for capital equipment purchases in future years.

General Fund Policy Assumptions

The 2018 Recommended Budget, accomplishes a number of Council goals and objectives, and includes the following policy assumptions:

1. Holding the mill levy rate constant (18.019 mills). Of that total, 11.019 mills will be used to support General Fund operations. The revenue generated from the remaining 7 mills (\$900,000) will be transferred to the Capital Improvement Fund to support street maintenance activities.

2. Maintaining a General Fund balance of no less than \$2.5 million. The City's goal for reserve funds is 25% of total General Fund revenues. The estimated unreserved fund balance at December 31, 2018 is \$2.76 million, or 24% of annual General Fund revenues.
3. Increasing the Solid Waste Utility Rate from \$163.08 to \$168.84 annually for single-family property owners. An estimated transfer of \$110,000 from the General Fund subsidizes the remainder of the contract for single-family residential trash service which will be billed at a rate of \$16.36 per household per month.
4. Continuing the Franchise and Mill Rate Rebate program at 100% of city franchise fees, 100% of total city mill excluding special assessments, and 50% rebate of the solid waste utility fee. Current rebate program costs budgeted in the General Fund total \$20,000.
5. Transferring \$100,000 to the Equipment Reserve Fund.
6. Funding for no new positions, and a 3% merit pool to reward employee performance.
7. Maintaining funding for the Business Improvement Grant (BIG) Program at \$35,000.
8. Increasing the Park Maintenance budget to \$25,000 in the Public Works Department in continued response to recommendations outlined in the 2016 Parks and Recreation Master Plan.
9. Continuing efforts to move the cost recovery goal for the Community Center toward 100% of operating costs, excluding capital.
10. Funding for the highest priority capital equipment purchases for each Department.

Capital Improvement Program (CIP)

Over the last 10-12 years, the City has taken steps to address infrastructure challenges. Specifically by creating a number of revenue streams dedicated to capital infrastructure investment, including:

- Stormwater Utility Fees
- Property Tax Revenues (7 mills for streets)
- Sales Tax Revenues
 - ¼-cent Dedicated Street Sales Tax
 - ⅜-cent Dedicated Parks & Recreation Sales Tax
- Drainage District Revenues

These revenue streams are used to build a multi-year Capital Improvement Program (CIP) focused around three primary program areas: streets, stormwater, and parks and recreation. The CIP serves as a guide for the efficient and effective provision of public infrastructure facilities, outlining a schedule of capital projects over a five-year period of time.

Capital infrastructure projects are generally large in scope and often take several years to complete, making it more appropriate to handle them outside of the General Fund. The associated revenues and expenses are managed in the CIP as part of the annual budget process. Mission's 2018-2022 Capital Improvement Program seeks to forecast future public improvements and facilities with the following objectives in mind:

- Integrate the CIP into the Annual Budget in order to provide a comprehensive financial plan for accomplishing the goals of the City.
- Leverage City resources against available federal, state and county funds in such a manner that the present and future citizens of Mission will be provided with the highest level of services and facilities without adverse financial impacts in the future.

- Support decisions and actions that assist in maintaining the City's bond rating.

In 2016, the City faced several challenges in the CIP, including the need to address a shortfall in stormwater revenues, as well as potential options to replace the Transportation Utility Fee (TUF). Several changes were made for the 2017 Budget, are recommended to carry over into 2018. Highlights of the 2018-2022 CIP are discussed by program area below.

Street Program

When the current street maintenance program was established in 2010, the goal was to use approximately \$1.5-1.7 in locally generated funds to support a comprehensive street maintenance program. In the 2018-2022 CIP, streets are funded with three local revenue streams:

1. Special Highway funds (gas tax) distributed by the State (\$250,000 annually)
2. ¼-cent Sales Tax for Streets (\$575,000 annually)
3. 7 mills (\$900,000 annually)

The 2018-2022 Street Program Plan illustrates that the street projects contemplated in the next two years can be accommodated within existing revenues. However, budgetary shortfalls appear in 2019 and continue in the remaining years of the CIP. Longer term decisions surrounding a preferred, sustainable street maintenance program will impact future years and will be influenced by a number of factors, including:

- Decision on repayment of the Transportation Utility Fee
- Decision on Gateway Development (impact on Street Sales tax)
- Renewal of the ¼-cent Street Sales Tax (sunsets March 30, 2022)
- Impact of the property tax lid on future revenues generated by the mill levy dedicated to streets.
- Procurement of outside funding (SMAC and STP funds) for the Johnson Drive project

In addition to the annual residential street programs of chip seal and mill and overlay, the 2018 Street Program includes the design of improvements to Broadmoor (Johnson Drive to Martway) with construction anticipated to occur in 2019. Construction and construction inspection for the Broadmoor project will be funded 50% from the Johnson County CARS Program.

Stormwater Program

Over the last ten years, the City completed major stormwater improvements along the Rock Creek Channel, removing significant sections of private commercial properties from the 100-Year FEMA Floodplain. Revenues supporting the stormwater program include:

- Stormwater Utility Fee - (\$2.5 million annually)
- Drainage District Revenues (\$88,000 annually)

Although not shown in the 2018-2022 Stormwater Program, the City does anticipate annual special assessment revenues from the Gateway site in the amount of \$600,000 per year. The 2018 Stormwater program includes design of the Rock Creek Channel project (just west of Nall to Roeland Drive). This project not only completes improvement to the downstream portion of the channel (from Roe to Maple), but also addresses the significant erosion occurring on the north and south sides of the channel. This

project was submitted to the Johnson County SMAC program and is currently programmed for construction funding in 2019. If Gateway assessments are not realized in 2017 or 2018, design and construction of this project will need to shift to a future program year.

Parks & Recreation Program

The Parks & Recreation Program Plan addresses the capital infrastructure needs of the Sylvester Powell, Jr. Community Center, the Mission Family Aquatic Center (including debt service), eight (8) outdoor parks, and trails throughout the City. Revenues dedicated to this program are generated through:

- $\frac{3}{8}$ -cent Parks and Recreation Sales Tax (\$850,000 annually)
- One-third the alcohol funds distributed by the State (\$65,000 annually)

Parks & Recreation Program Plan expenses are categorized in three general areas: capital projects, maintenance/operations and debt/lease service payments. In addition to the facility and equipment replacement needs specifically programmed for the outdoor pool and the Community Center, efforts to build reserve funds for both facilities continue.

The recommended 2018-2022 plan shows a positive fund balance at the end of each program year, however, there are a number of significant items which were not programmed pending further review and consideration. The HVAC and mechanical systems, including those which support the indoor pool, cause the most concern with regard to maintenance and/or replacement, and have the potential to outpace the revenue streams dedicated to Parks and Recreation over the next 5-10 years. Continued research and analysis will assist staff in bringing forward appropriate program recommendations.

Recommended Capital Improvement Program 2018-2022

The 5-year CIP is a planning document, designed to be fluid and flexible. The first year of the plan reflects the recommended capital budget for 2018. The remaining four years represent a schedule and estimate of future capital needs that **may** be funded given adequate revenues. The recommended 2018-2022 CIP includes the following policies and priorities:

1. Maintaining the Stormwater Utility Fee at \$28.00 per ERU per month, to generate approximately \$2.5 million annually and dedicated primarily to the repayment of existing stormwater debt service.
2. Establishing the property tax mill rate in Rock Creek Drainage District #1 at 8.802 mills, generating an anticipated \$3,000 in annual revenue.
3. Establishing the property tax mill rate in Rock Creek Drainage District #2 at 10.5 mills, generating an anticipated \$85,000 in annual revenue.
4. Dedicating revenue generated from 7 mills levied in the General Fund (\$900,000) to support street maintenance activities.
5. Using the $\frac{3}{8}$ -cent Parks & Recreation Sales Tax (\$850,000 annually) for debt service on the outdoor aquatic facility, facility and equipment maintenance at the Sylvester Powell, Jr. Community Center, and maintenance of the City's outdoor park and trail amenities.

Other Funds

The General Fund and the various funds that support the 5-Year Capital Improvement Program make up the majority of the City's total annual budget. Highlights from several of the remaining miscellaneous funds which the City must maintain separately are detailed below.

Special Alcohol Fund

One-third of the alcohol tax funds allocated to the City from the state must be set aside in a separate fund and reserved for the treatment and/or prevention of drug and alcohol abuse. Revenues in the Special Alcohol Fund for 2018 are anticipated to be \$65,000.

Historically, the City has contributed the majority of these funds (\$30,000 recommended for 2018) to the Drug and Alcoholism Council. The Drug and Alcoholism Council (DAC), a program supported by the United Community Services of Johnson County, offers grants each year to various organizations within the county that provide alcohol and drug abuse prevention and treatment programs. The grants are structured in such a manner that the awarded organizations have access to funds from multiple participating jurisdictions. The Governing Body of each jurisdiction has the ultimate authority and responsibility to determine which organizations receive funds.

Approximately \$15,000 is allocated to offset expenses associated with the DARE program in our local elementary schools. The balance of the alcohol tax funds available in 2018 (estimated \$15,000) will be used to cover the costs associated with the Johnson County mental health co-responder program.

Solid Waste Utility Fund

The Solid Waste Utility Fund accounts for the fees collected from single-family residential properties which are used to support the annual trash, recycling and yard waste contract with Waste Management. The 2018 contract is subject to a 3.85% rate increase, for a total estimated annual contract amount of \$585,000. The current cost sharing percentage (86% resident/14% City) has been applied to the 2018 rates for total annual fees per single-family household in 2018 estimated at \$168.84 of the \$196.32 total fee. This represents an increase for single-family property owners of \$5.76 per year. The Solid Waste Utility fees are collected as a part of the annual real estate property tax bill.

The City's portion of the annual contract is proposed to come from a subsidy/transfer from the General Fund in the amount of \$110,000. Rebates of the solid waste utility fee, which are part of the Franchise/Utility Fee rebate program administered by Neighborhood Services, are budgeted in this fund and estimated at \$5,000 for 2018.

Mission Convention and Visitors Bureau (MCVB) Fund

The Mission Convention and Visitors Bureau (MCVB) was formed by City ordinance in February of 2009, and replaced the former Mission Business Development Committee (MBDC) first established in August of 2003 to assist in the revitalization and redevelopment of the Mission business district. In 2016, the Council disbanded the MCVB Committee, but the fund has to be maintained to account for transient guest tax revenues (9% hotel/motel tax) received by the City. These funds are used exclusively to support the publication and distribution of five issues of the *Mission Magazine* each year.

The MCVB Fund also currently manages revenues and expenses for the Mission Business Partnership and the annual Holiday Adoption program on a "pass-through" basis, and is anticipated to continue to do so in the 2018 Budget.

Mission Crossing TIF/CID Fund

This fund is used to account for the revenues and expenses associated with the Tax Increment Financing District (TIF) and Community Improvement District (CID) associated with the Mission Crossing Development. The development is located at Metcalf/Broadmoor/Martway and includes the Welstone facility, Culvers, Chik-fil-A, and the small retail strip center.

All distributions from this fund are made in accordance with a development agreement for this project, and reimburse the developer for certain approved development costs. The TIF property tax revenues are distributed to the City through Johnson County. The TIF sales tax (1% City General) and CID sales tax (1% additional) are received from the State. Staff verifies and performs any necessary calculations prior to distributing funds to the developer on a quarterly basis.

Cornerstone Commons CID Fund

This fund is used to account for the revenues and expenses associated with the Community Improvement District (CID) associated with the Cornerstone Commons Development. The development is located at Barkley/Johnson Drive and includes the Natural Grocer, several restaurants and office space.

All distributions from this fund are made in accordance with a development agreement, and reimburse the developer for certain approved development costs. The CID sales tax (1% additional) is received from the State and calculated/verified and distributed by staff. Payments are made to the developer quarterly.

Summary

The City's Leadership Team is grateful to the Mayor and City Council for their many hours of work and focused attention throughout the budget development process. We look forward to adoption and implementation of the 2018 Recommended Budget.

City of Mission

Proposed 2018 Annual Budget

August 2, 2017

NOTICE OF BUDGET HEARING

State of Kansas
Special District
2018

The governing body of
Rock Creek Drainage District #1
Johnson County

will meet on August 2, 2017 at 6:30 PM at Mission City Hall, 6090 Woodson, Mission, KS 66202 for the purpose of hearing and answering objections of taxpayers relating to the proposed use of all funds and the amount of tax to levied.

Detailed budget information is available at City Clerk's Office, Mission City Hall and will be available at this hearing.

BUDGET SUMMARY

Proposed Budget 2018 Expenditures and Amount of 2017 Ad Valorem Tax establish the maximum limits of the 2018 budget. Estimated Tax Rate is subject to change depending on the final assessed valuation.

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	General Overhead

Department Description

Function and obligations which cannot be readily charged to a particular department are grouped within General Overhead. Included in General Overhead are funds for liability insurance, utilities for City Hall and the Police Department, office supplies, postage, building and grounds maintenance, professional services, legal services, and other city-wide expenses.

Objectives

- Efficiently monitor utility costs
- Control losses through an effective safety and loss control program
- Maintain City Hall and Police Department facilities

Department Description

The City Council serves as the legislative and policy-making body of the City. The City Council is composed of eight councilmembers - two from each ward elected for four year terms - and a mayor who is elected at large for a four year term.

Objectives

- Function as the City's legislative body
- Develop ordinances, resolutions, and policies for the betterment of the community
- Authorize budget allocations to provide quality services within available resources
- Empower appointed officers and employees to provide and improve municipal government
- Inform constituents and encourage citizens participation
- Establish short-term and long-range plans and objectives

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Municipal Court

Department Description

The Municipal Court Department provides a venue for the administration of justice in matters concerning violations of City ordinances and penal statutes of the State of Kansas.

The Municipal Court is composed of three court clerks. The municipal judge is appointed by the City Council and serves on a part-time basis. The City Attorney serves as the prosecutor.

Until 2016, this department also included part-bailiffs. This function was transferred to the Police Department in 2016.

Objectives

- Issues warrants for ordinances violations
- Keep current and up-to-date on entering warrants into systems
- Maintain a diversionary program for DUI cases
- Maintain a computerized record of municipal violations and the Court's disposition of cases.

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Neighborhood Services

Department Description

The Neighborhood Services Department conducts enforcement of the City's property maintenance codes and rental dwelling licensure program. This department also provides a number of neighborhood support services including grant assistance for property upkeep, neighborhood clean-up programs, and assistance for senior citizens with property tax and utility bills. This department also oversees the City's solid waste management program.

This department was merged with the Community Development Department in 2017.

Objectives

- Proactively promote quality housing
- Proactively provide support to residential neighborhoods
- Proactively address property maintenance code issues
- Administer the rental dwelling licensing and inspection program
- Create and promote City sponsored assistance programs

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Public Works

Department Description

The Public Works Department is responsible - either directly or through third-party contracts - the maintenance and care of the City's infrastructure and facilities.

In particular, the department provides general street maintenance services including patching and repair, snow removal, and sweeping. The department also oversees the City's annual programs asphalt overlay and slurry seal to pro-long the life of the pavement. The Department also oversees contracts for design and construction of major street and storm water repair projects.

The Public Works Department is responsible for the mowing and care of the City's parks and playgrounds, and maintenance of the City's facilities.

Objectives

- Maintain city streets, curbs and gutters, storm water sewers, sidewalks and trails
- Maintain city parks, playgrounds, shelters, and other facilities
- Maintain yards and landscape areas
- Maintain public facilities
- Maintain city vehicles and equipment

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Community Development

Department Description

The Community Development Department works to ensure orderly development and redevelopment through the administration of the comprehensive planning, zoning, and subdivision review process. Department staff provides support and assistance to the Planning Commission and Board of Zoning Appeals.

The Community Development Department enforces the City's building construction codes through a systematic plan review and inspection program. These services were provided through a contractual relationship with Johnson County until the end of 2016. The City is utilizing a not-for-profit organization for these services in 2017 while it explores a more long-term approach to providing these services.

In 2016 the Community Development Director position was eliminated, and oversight of the Department was placed with the Assistant City Administrator/Finance Director. In 2017 the Neighborhood Services Department was merged with the Community Development

Objectives

- Effectively manage city redevelopment projects
- Effectively inform the public regarding development opportunities in Mission
- Effectively manage the development review process
- Maintain efficient permitting and building inspection program

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Parks and Recreation

Department Description

The Parks and Recreation Department initiates, develops, and administers recreational programs for Mission residents and the general public. The Community Center facility houses the majority of recreational class, programs, and special events. Programs and services are also offered at the outdoor Mission Family Aquatic Center and other outdoor park facilities through the City. The Parks and Recreation budget is structured into two divisions - Mission Family Aquatic Center and Community Center.

Objectives

- Provide programs, classes, and special events at parks and recreation facilities, and through community partnerships
- Coordinate on-going needs assessment for parks and recreation programs and facilities
- Staff and operate parks and recreational facilities with a customer service focus, emphasizing the effective use of City resources
- Offer age specific programs for youth, seniors and other demographics
- Maintain and operate Mission Aquatic Facility

City of Mission 2018 Budget Worksheet

Fund:	General
Department:	Police

Department Description

The Police Department is composed of three divisions: Administration, Patrol and Investigations. The Administrative division is responsible for developing and implementing departmental policy, providing management controls over daily department administrative and line functions, and are the focal point for interaction with other City departments and the community. The Patrol Division is comprised of police officers that respond to calls for service, identifying criminal activities, apprehending offenders, making Municipal and District Court appearances, enforcing traffic laws, patrolling neighborhoods, and attending community events/meetings. The Investigations Division unit gathers and processes evidence for solving crimes and prosecuting criminal suspects. They investigate crime scenes and support department crime prevention efforts by spotting trends in criminal activity and hosting community education classes.

The Vision of the Mission Police Department is "to provide the highest quality law enforcement and public safety through honesty, integrity and professionalism in cooperation with the community. By following this vision, we will create a safe and, peaceful and inviting

Objectives

- Efficiently monitor utility costs
- Control losses through an effective safety and loss control program
- Maintain City Hall and Police Department facilities

City of Mission 2018 Budget Worksheet

Fund Group: Capital Fund: Capital Improvement
--

Fund Description

The Capital Improvement Fund accounts for resources used to construct and maintain infrastructure city-wide in accordance with a 5-Year Capital Improvement Program (CIP), or to cover debt service obligations for capital infrastructure projects that have been recently completed.

Funds come from intergovernmental revenues, proceeds from bond issues, and transfers from other funds. The City Council suspended collection of the Transportation Utility Fee with the 2016 Budget. In lieu of this, the general property tax mill levy was increased by 7 mills for the purpose of supporting the street and road construction efforts of the City. The additional property tax collected is transferred from the General Fund to Capital Improvement fund.

Capital Outlay for 2016 included:

- \$350,000 for the City's Street Maintenance Program
- \$134,000 for the design of Foxridge reconstruction from 56th Street to 51st Street

Capital Outlay for 2018 includes:

- \$650,000 has been identified as the City's match for the reconstruction of Foxridge from 56th Street to 51st Street

Debt Service in this fund includes:

- 2007A - Principal & Interest - Relocation of Mission Pet Mart to allow for the Johnson Drive improvements
- 2013C - Principal & Interest - Reconstruction of Johnson Drive (street portion) from Lamar Avenue to Nall Avenue

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Storm Water Utility
--

Fund Description

The Storm Water Utility was established in 2005 to provide an on-going, dedicated revenue source for funding storm water improvements throughout the community. Revenue consists of an annual fee collected from each property in the City as an assessment on the property taxes. The fee is set as a dollar amount per ERU, or equivalent residential unit, that equals 2,600 sq. ft., the amount of impervious surface that an average single-family residential parcel is estimated to have. For 2018, the amount remains at \$28 per ERU/per month. A single-family parcel of property will pay a storm water utility fee of \$336 per year. A larger parcel of property will pay a higher amount, determined by taking the total impervious surface for the parcel and dividing by the 2,600 sq. ft. to determine the appropriate ERU multiplier.

Revenue is also derived from the Rock Creek Drainage Districts #1 and #2, which funds are transferred to the Storm Water Utility .

Funds have been used to pay debt service on the following general obligation bonds:

- 2010A - Refunding of 2008 temporary notes
- 2010B - Restructuring of 2005A and portion of 2009A G.O. Bonds
- 2013C - Storm water portion of the Johnson Drive Improvements
- 2014A - Refunding of a portion of 2009A G.O. Bonds
- 2014B - Refunding of a portion of 2009A G.O. Bonds
- KDHE - A Kansas Department of Health and Environment loan

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Transportation Utility

Fund Description

The City established the Transportation Utility in 2011 to provide an on-going, dedicated revenue source for funding needed street and road improvements throughout the community. Revenue consists of an annual fee collected from each property in the City as an assessment on the property taxes. The fee is set as a amount per vehicle trip generated based on the land use of the property as determined by the Institute of Transportation Engineers' Trip Generation Manual. The residential per trip rate is 2.076 cents and the commercial per trip rate is 1.490 cents. A single-family parcel of property would pay a transportation utility fee of \$72 per year. Other properties would pay a fee based on the land use and the number of vehicles trips.

In 2013, the City was challenged on the legality of the transportation utility fee. The City received a favorable ruling in the district court, but this decision was overturned by the appeals court in July of 2015. The City decided to pursue an appeal to the Kansas Supreme Court, and in May 2017, the Supreme Court affirmed the ruling of the appeallate court, declaring the TUF invalid. In the meantime, however, the City decided to not collect the transportation utility fee for the 2016 and 2017 budget year.

The City has not levied the TUF since 2016. In lieu of the transportation utility fee, the City raised the mill levy by 7 mills in 2016 to provide a funding source for needed street and road improvements. Thus, the Transportation Fund currently has no revenue source and no expenditures.

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Street Sales Tax

Fund Description

Upon voter approval, the City of Mission began collecting a 1/4 of 1% special sales tax for streets - more commonly known as the Street Sales tax - in April of 2012. The tax has a 10-year sunset.

Revenue from the street sales tax is pledged to retire the Series 2012-A General Obligation Bonds issued for the Martway/Johnson Drive rehabilitation projects. Any remaining revenue is available to support other street and road improvements.

Fund Group: Special Revenue Fund: Parks Sales Tax
--

Fund Description

Upon voter approval the City of Mission began collecting a 3/8 of 1% Special Sales Tax for Parks and Recreation - more commonly known as the Parks Sales Tax - in April of 2013. The sales tax has a sunset of 10 years.

A portion of the sales tax is pledged to retire the Series 2013-B General Obligation Bonds that were issued for renovations and improvements to the City's outdoor aquatic facility.

Another portion is used to fund various capital improvements at the City's community center, which has primarily been building renovation and equipment maintenance.

The balance has been earmarked to establish a reserve for other parks and recreation activities including repair and maintenance of building components at the City's community center, purchase of a second water slide at the aquatic facility, and implementation of recommendations from the recently completed parks master plan.

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Special Highway
--

Fund Description

Kansas state statutes (K.S.A. 79-3425c) provide for certain highway aid payments to be distributed directly to cities on a per capita basis from the state treasurer. Payments are made quarterly from the state’s Special City and County Highway (SCCH) fund, which receives approximately 35% of the state's motor fuel tax collections. Cities must credit their payments to a separate fund for construction, reconstruction, alteration, repair, and maintenance of streets and highways.

The City utilizes these funds for general street repair including bridges, streetlights, curbs and drainage and the annual chip seal and overlay programs. In the past, these funds have been leveraged with funds from the County Assisted Road System (CARS) program, state and federal grants, and transfers from other funds to pay for major road projects.

Fund Description

By statute, the State of Kansas imposes a 10 percent Liquor Drink Tax (aka Alcohol Tax) on the sale of any drink containing alcoholic liquor sold by clubs, caterers, or drinking establishments. Revenue derived from this tax is allocated 30 percent to the State and 70 percent to the city or county where the tax is collected. The statute further stipulates that for cities of Mission’s size, the portion allocated to the local jurisdiction be proportioned in thirds, with one third to the General Fund, one third to a Special Parks and Recreation Fund, and one third to a Special Alcohol Tax Fund.

The Special Alcohol Tax Fund is to support programs “whose principal purpose is alcoholism and drug abuse prevention or treatment of persons who are alcoholics or drug abusers, or are in danger of becoming alcoholics or drug abusers.” (KSA 79-41a04).

Of the 2018 funds proportioned to this fund, \$15,000 will support the Mission Police Department's DARE activities, \$14,000 will support the City's participation in the Johnson County mental health co-responder program, and \$30,000 will be provided to agencies designated by the Drug & Alcoholism Council to support the provision of KSA 79-41a04.

The Drug and Alcoholism Council (DAC), a program supported by the United Community Services of Johnson County, offers grants each year to various organizations within the county that provide alcohol and drug abuse prevention and treatment programs. The grants are structured in such a manner that the awarded organizations have access to funds from multiple participating jurisdictions. The governing body of each jurisdiction has the ultimate authority and responsibility to determine which organizations receive funds.

Fund Group: Special Revenue Fund: Solid Waste Utility
--

Fund Description

The City established the Solid Waste Utility in 2008 as a mechanism for more efficient and cost effective collection of residential solid waste, and to promote the recycling of solid waste. Through the Solid Waste Utility, the City contracts with one hauler to provide solid waste collection for all single-family residential properties in the city. The City collects a fee for this service as a special assessment on the property tax.

The City currently has a contract with Waste Management (formerly Deffenbaugh Industries), which will expire in 2019. Solid waste collection (trash, recycling, and yard waste) is once a week, and the service includes a bulky item pick-up the first week of every month. The annual Solid Waste Utility Fee is \$163 per single-family residential parcel.

The City supplements the fee paid by single family property owners with a transfer from the General Fund to the Solid Waste Utility Fund.

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Mission Conv. And Visitor's Bur.

Fund Description

Charter Ordinance No. 17 was approved in March of 2006 establishing a Transient Guest Tax of 6%, a Convention and Tourism Fund, and a Convention Commission. This was subsequently revised by Charter Ordinance No. 18, which raised the Transient Guest Tax to 9%, and Charter Ordinance No. 24 which reconstituted the Convention Commission to the Mission Convention and Visitors Bureau (MCVB).

The Transient Guest Tax, along with sponsorships, special event revenue, and donations is used for the promotion of the City of Mission and attracting tourism through festivals, special events, and the monthly Mission magazine. A portion of the magazine expenses are covered by the General Fund (Newsletter 01-09-214-07) in the legislative budget.

In 2017, the MCVB Committee was disbanded, but the fund remains to account for receipt and expenditure of the Transient Guest Tax.

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Mission Crossing TIF/CID

Fund Description

Mission Crossing is the redevelopment of a 6.2 acre site on the City’s western boundary that had been the former headquarters and manufacturing plant for Herff Jones, Inc. since 1954. The project entailed the demolition of the existing building and construction of three stand-alone buildings totaling approximately 20,000 square feet of commercial space, and a 100 unit residential facility designed for independent, senior-living.

The mixed use development complies with the redevelopment goals of the City’s West Gateway district. It includes streetscape improvements along the project perimeters, a new public park located at the southwest corner of Martway and Broadmoor, a public trail along Metcalf Avenue and two transit shelters to access the enhanced bus services along the Johnson Drive/Martway corridors.

The Mission Crossing Tax Increment Financing (TIF) district and Community Improvement District (CID) were both established in 2010 for the purpose of redirecting revenue (property and sales tax) generated from the project to reimburse the developer for certain development costs. The TIF [K.S.A 12-1770 et seq] is structured to reimburse the developer on a “pay-as-you-go” basis with reimbursement coming from the property tax on the assessed valuation above (property tax increment) the assessed valuation at the time the agreement was adopted (base valuation), and the City’s 1% general sales tax generated from all retail sales that occur within the defined project area. The CID [K.S.A 12-6a26 et seq] is structured to reimburse the developer on a “pay-as-you-go” basis with reimbursement coming from an additional 1% sales tax collected on retail sales generated within the district.

This project is anticipated to generate approximately \$3,948,000 in TIF revenue over the 20 year life of the TIF plan, and approximately \$1,188,000 in CID revenue over the 22 year life of the CID.

Fund Group: Special Revenue Fund: Cornerstone Commons CID
--

Fund Description

The Cornerstone Commons project is the redevelopment of a 2.98 acre tract at the southwest corner of Johnson Drive and Barkley Street. Prior to redevelopment, the site was an automobile dealership that had closed.

The project is a mixed-use development that conforms to the design principles of the West Gateway district and Form Based Code by having multi-level structures situated up to the sidewalk, on-street parking, and pedestrian oriented elements such as benches, lighting, and landscaping.

The development includes a 15,000 square foot Natural Grocers store, a 4,000 square foot building for casual dining/retail, and a third 12,000 square foot building for casual dining/retail and office.

The CID [K.S.A 12-6a26 et seq] is structured to reimburse the project developer on a “Pay-As-You-Go” basis with reimbursement coming from an additional 1% sales tax collected on retail sales generated within the district.

The total estimated value for all of these improvements is \$1,721,788, of which the redevelopment agreement stipulates that no more than \$1,500,000 will be reimbursed to the developer through the CID sales tax.

Fund Group: Special Revenue Fund: Rock Creek Drainage Dist. #1

Fund Description

The City established the Rock Creek Drainage District No. 1 pursuant to K.S.A. 13-10,128 through 13-10,133 in July of 2006 (Ordinance 1206). Drainage District No. 1 is comprised of the original Mission Mall site bounded by Shawnee Mission Parkway, Roeland Drive, and Johnson Drive.

A special mill levy is assessed on all properties within the district for the construction, maintenance, repair or replacement of storm sewers and storm drains contained within the storm drainage district or within the watershed in the City that contributed to the storm drainage flowing into and/or out of the storm drainage district. Property tax revenue may also be used for debt service associated with the construction, maintenance, repair or replacement of same storm sewers and drains. Funds from the Rock Creek Drainage District #1 are transferred to the City's Storm Water Utility Fund to assist with debt service.

At present the site is vacant, but is anticipated to be developed in the near future into a 556,000 square feet residential/retail/commercial mixed-use project to be known as the "Mission Gateway."

City of Mission 2018 Budget Worksheet

Fund Group: Special Revenue Fund: Rock Creek Drainage Dist. #2

Fund Description

The City established the Rock Creek Drainage District No. 2 pursuant to K.S.A. 13-10,128 through 13-10,133 in August of 2007 (Ordinance 1241). Drainage District #2 comprises those properties along Rock Creek and within the flood plain of Rock Creek. The district is bounded, approximately, by Roeland Drive on the east, Johnson Drive on the north Martway on the south to a point just east of Lamar.

A special mill levy is assessed on all properties within the district for the construction, maintenance, repair or replacement of storm sewers and storm drains contained within the storm drainage district or within the watershed in the City that contributed to the storm drainage flowing into and/or out of the storm drainage district. Property tax revenue may also be used for debt service associated with the construction, maintenance, repair or replacement of same storm sewers and drains. Funds from the Rock Creek Drainage District #2 are transferred to the City's Storm Water Utility Fund to assist with debt service.

Both Rock Creek Drainage Districts No. 1 and No. 2 make up the same boundary as the Rock Creek Tax Increment Finance District which was established in 2007 for the purpose of encouraging redevelopment in the flood plain. Most all of the properties in the district are already developed, and redevelopment to-date in the district has been modest.

RE: Draft 2018 Budget Resolution and Financial Policies

RECOMMENDATION: Review the draft of the 2018 Budget Resolution outlining the policy decisions, mill levies and fees included in the City of Mission, Rock Creek Drainage District #1 and Rock Creek Drainage District #2 budgets for 2018.

DETAILS: As a part of the annual budget process, the City Council has historically adopted a budget resolution which outlines and describes the financial policies, tax and fee structures and other related issues identified in a particular fiscal year. The draft resolution included in the packet incorporates the feedback staff received throughout the budget process and details what is included in the 2018 Recommended Budgets. Staff will incorporate any final revisions and changes from the August 2, 2017 meeting into a final Resolution for the August 9, 2017 Finance & Administration Committee meeting.

The remaining steps in the 2018 Budget process include:

- Approve a final 2018 Budget Resolution and Financial Policies
- Approve a final 2018-2022 Community Investment Program Resolution
- Adopt City of Mission 2018 Budget
- Adopt Rock Creek Drainage District #1 2018 Budget
- Adopt Rock Creek Drainage District #2 2018 Budget

On August 16, each will require a separate motion to ensure we accurately communicate the specific history and actions taken in relationship to the 2018 Budget.

CFAA CONSIDERATIONS/IMPACTS: The 2018 Budget was developed with the goals and objectives of the Communities for All Ages program in mind. A community for all ages seeks to meet the needs of the very old, the very young and everyone in between. It creates and fosters an active, caring and welcoming community that promotes respect, diversity and inclusion. A common goal is to develop policies, services and programs that result in affordable, livable, and sustainable places.

DRAFT
CITY OF MISSION, KANSAS
RESOLUTION NO. _____

A RESOLUTION ESTABLISHING BUDGET POLICIES FOR BUDGET YEAR 2018 FOR THE CITY OF MISSION, KANSAS.

WHEREAS, the City of Mission must provide basic services to protect the health, safety, and welfare of the citizens of this community; and

WHEREAS, the City of Mission continues to promote a redevelopment vision designed to bring increased density to our community to positively impact property values and lower the per capita cost of basic services; and

WHEREAS, it is important to fund the replacement and repair of public infrastructure such as streets, sidewalks, storm water structures, parks, and public facilities to maintain and enhance property values and to encourage private redevelopment; and

WHEREAS, the City has implemented more transparent methods for paying for services and infrastructure through dedicated stormwater, solid waste, parks and recreation, and street revenues;

NOW, THEREFORE, be it resolved by the Governing Body of the City of Mission:

Section 1. The Governing Body establishes the following policies to maintain the public infrastructure as part of the 5-Year Capital Improvement Program (CIP) within the 2018 Budget.

1. Maintain the Stormwater Utility Fee at \$28 per ERU per month. This provides an estimated \$2.5 million annually in Stormwater Utility fees for repayment of debt service and maintenance of stormwater infrastructure.
2. Establish a property tax mill rate of 8.802 mills in Rock Creek Drainage District #1 which is anticipated to generate approximately \$3,000 annually.
3. Maintain a property tax mill rate of 10.500 mills in Rock Creek Drainage District #2 which is anticipated to generate approximately \$85,000 annually.
4. Maintain the total mill levy in the General Fund at an estimated total mill rate of 18.019. The revenues equivalent to approximately 7 mills (\$900,000), will be transferred to the Capital Improvement Fund to support street maintenance activities.
5. Use revenues from the 3/8-cent Parks & Recreation Sales Tax (\$850,000) for debt service on the outdoor aquatic facility, facility/equipment costs associated with the Sylvester Powell, Jr. Community Center and maintenance of the City's outdoor park and trail amenities.

Section 2. The Governing Body has established the following policies to maintain basic services and city operations as part of the General Fund and within the 2018 Budget.

1. Preserve an estimated 11.019 mills for General Fund operations. Although the total mills to be levied in the General Fund are estimated at 18.019, the revenues generated by approximately 7 mills will be used exclusively for street maintenance.

2. Maintain a General Fund balance of no less than \$2.5 million. The City's goal for reserve funds is 25% of total General Fund revenues. The estimated unreserved fund balance at December 31, 2018 is \$2.76 million, or 24% of annual General Fund revenues.
3. Increase the Solid Waste Utility Rate from \$163.08 to \$168.84 annually for single-family property owners. An estimated transfer of \$110,000 from the General Fund subsidizes the remainder of the contract for single-family residential trash service which will be billed at a rate of \$16.36 per household per month in 2018.
4. Continue to manage the organization's pay structure and benefits in accordance with the total compensation philosophy developed in 2017, including evaluating the potential to implement both market and merit adjustments as the budget allows. A 3% merit pool has been included in the 2018 Budget.
5. Fund replacement of the highest priority capital equipment needs, including replacement of copiers for City Hall, the Police Department, and Parks and Recreation, a crack seal machine and skid steer trailer in Public Works, Municipal Court software, and handguns and radar units in the Police Department. Capital equipment replacement will be accomplished through purchase and lease-purchase and is estimated at \$432,325.
6. Maintain the Franchise and Mill Rate Rebate program at 100% of the City Franchise Fees, 100% of the total City Mill exclusive of all City special assessments, and 50% rebate of the Solid Waste Utility Fee. This expense is estimated at approximately \$20,000.
7. Continue to move cost recovery for the Community Center toward 100% of operating costs, excluding capital.

Section 3. The Governing Body directs staff to pursue the following areas as part of on-going budget considerations.

1. Continue to look for partnership options that could decrease costs supported by Mission taxpayers.
2. Continue to aggressively manage department expenditures to be as efficient as possible in using limited resources to deliver high quality services.

PASSED AND APPROVED BY THE GOVERNING BODY OF THE CITY OF MISSION on this 16th day of August 2017.

APPROVED BY THE MAYOR on this 16th day of August 2017.

Administration	From:	Laura Smith

Action items require a vote to recommend the item to full City Council for further action.

RE: Draft 2018-2022 Capital Improvement Program Resolution

RECOMMENDATION: Review the draft of the Resolution adopting the City of Mission's Recommended Capital Improvement Program (CIP) for 2018-2022.

DETAILS: As a part of the annual budget process, the Governing Body adopts a resolution which outlines and describes the financial policies, tax and fee structures and other related issues included in the recommended budget for the upcoming fiscal year. For the last several years, the Governing Body has also adopted a resolution that addresses the recommended five-year infrastructure plan, also referred to as Mission's Capital Improvement Program (CIP).

The revenues and expenses programmed in the CIP for 2018 are included in the 2018 Recommended budget in the appropriate funds. The remainder of the CIP is designed to be fluid and flexible in order to evaluate and address changes in resources or priorities in future years. Projects which have been identified or discussed but were not specifically included in the 2018-2022 CIP may be outlined in the body of the Resolution in order to establish a public record/reminder of historical considerations. These projects may be eventually be programmed within the 5-year plan as a part of future budget discussions.

Approval of the 2018-2022 CIP does not commit the City to any specific expenditures beyond those detailed in 2018.

CFAA CONSIDERATIONS/IMPACTS: The 2018-2022 CIP was developed with the goals and objectives of the Communities for All Ages program in mind. A community for all ages seeks to meet the needs of the very old, the very young and everyone in between. It creates and fosters an active, caring and welcoming community that promotes respect, diversity and inclusion. A common goal is to develop policies, services and programs that result in affordable, livable, and sustainable places.

DRAFT

CITY OF MISSION, KANSAS RESOLUTION NO. ____

A RESOLUTION ADOPTING THE 2018-2022 CAPITAL IMPROVEMENT PROGRAM (CIP) FOR THE CITY OF MISSION, KANSAS.

WHEREAS, the City of Mission, faces significant infrastructure projects, including, streets, stormwater, and public facilities necessary to maintain property values and encourage additional private-sector redevelopment; and

WHEREAS, in City-wide surveys conducted by ETC in 2007, 2011, and 2015 the citizens of Mission articulated redevelopment as one of the top priorities facing the city; and

WHEREAS, the City of Mission, has invested significant resources in infrastructure in support of both public and private-sector goals; and

WHEREAS, a multiyear CIP is recognized as an important planning and budgeting document for municipalities; and

WHEREAS, the CIP contains expenditures to actively construct and maintain capital projects as well as to pay debt service on bonds issued for infrastructure improvements; and

WHEREAS, the annual adoption of a CIP does not specifically commit the city to any expenditures and is an important forecasting tool for the annual budget process; and

WHEREAS, the CIP better positions the city to solicit external resources to help fund infrastructure projects in the City of Mission,

NOW, THEREFORE, be it resolved by the Governing Body of the City of Mission:

Section 1. The 2018-2022 CIP is adopted. The City expects to receive approximately \$5,225,000 million of revenue and spend \$6,092,647 million in expenditures as part of the 2018 budget related to the Capital Improvement Program. The expenditures exceed revenues as a result the draw down of fund balances carried over from previous years.

Section 2. In 2018, the CIP will fund projects and debt service in three

primary program areas: streets, stormwater and parks and recreation. Specific projects and debt service obligations are detailed in the program plan documents included as Exhibit 1.

Section 3. The Governing Body acknowledges that there are other infrastructure projects which have been identified but are not budgeted in the 2018-2022 CIP. These include, but are not limited to:

- a. Major street construction projects for Barkley St (57th St to 61st St) and Metcalf Ave (56th St to 61st St). Each of these public projects would likely be pursued in partnership with redevelopment by adjacent private property owners.
- b. Completing the remediation of the Rock Creek Floodplain and establishing a Secondary Stormwater System construction program.
- c. Supporting Downtown Mission redevelopment via public parking, public parkland, and a local market that considers the priorities established by the Downtown Visioning Committee (Resolution 849 11-16-11).
- d. Locating and/or maintaining Administrative and Public Safety personnel in facilities that can sustainably meet the long-term needs of the city.
- e. Evaluating the results of the Park Master Plan as it relates to potential development of the secondary trail system to better connect residents and visitors to the primary system.

THIS RESOLUTION IS PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF MISSION, this 16th day of August 2017.

THIS RESOLUTION IS APPROVED BY THE MAYOR this 16th day of August 2017.

RE: Network and Firewall Server Replacement

RECOMMENDATION: Approve the purchase of two network servers and one firewall server in an amount not to exceed \$27,000.

DETAILS: The City has a total of four primary network servers that host various software applications and digital files. Two of these servers are for the Police Department and host software applications for records management software, virtual data communication for police vehicles, as well as other digital files. The other two servers are for the rest of the City and host a number of software applications, including those for Parks and Recreation program management, digital records management, and financial management software.

All of these servers are nearing the end of their useful life, and some are past the warranty. The intention is to replace two (one for Police and one for the City) this year, and the other two next year. The City's server that is being replaced will not be surplus, but rather will be updated with a more current operating system software and designated as a backup server.

Johnson County's Department of Technology and Innovation (DTI) has developed specifications for the servers and solicited the attached quotes from the manufacturer. DTI's staff will install the servers.

The initial quotes for the two servers to be replaced totaled \$56,000. After concerns were raised at the May Finance and Administration Committee meeting, staff met with DTI again to re-evaluate the specifications for the servers and obtain new quotes. This re-evaluation showed that the memory for both servers was over sized for the needs - almost 20 TB. New quotes only have 5 TB for each server. The City has utilized approximately 2 TB of memory on each of the current servers. In addition, new quotes are from a reseller of Hewlett Packard as opposed to the original that were directly from Hewlett Packard. The bid from Dell is recommended with a total cost for both servers of approximately \$23,275 (\$14,630 for the Police server and \$9,642 for the City server).

Provider	Server Model	Police	City Hall
Dell	PowerEdge R730 Server	\$13,630	\$ 9,642
SHI	HPE DL 380 Gen 9 Server	\$14,520	\$10,532
Hewlett Packard	HPE DL 380 Gen 9 Server	\$16,709	\$14,024

Brian, Dave –

Here is a Hardware only quote from Dell – (no VMWare or server licenses)

The hardware is identical as to what was provided in the SHI quote 13614841, except for the storage.

SHI's quote had (5) 900 GB hard drives for 3.6TB's of usable space.

Dell's quote has (6) 1.2 TB hard drives for 4.8TB's of usable space. (The sixth drive will be configured as a hot spare)

If you decide to go the Dell route we will need to get your registered for Dell Premier account.

City of Mission	Item Number:	5.
ACTION ITEM SUMMARY	Date:	July 19, 2017
Administration	From:	Brian Scott

Action items require a vote to recommend the item to full City Council for further action.

RE: Declaration of Surplus Equipment

RECOMMENDATION: Approve the resolution providing for the sale/disposal of surplus equipment from various Departments.

DETAILS: City Council Policy No. 111 defines the process and procedure for the sale and disposal of real and personal property by the City of Mission, which is also outlined in K.S.A. 12-101. A complete listing of property and equipment identified for surplus has been included as Attachment A to the Resolution.

Each Department, in consultation with the Finance Director, will be responsible for determining the best method for disposal in accordance with Council Policy and State law.

Some of the items to be declared as surplus include:

- Two police department vehicles (estimated value of \$1,500 and \$2,000 respectively based on NADA),
- One ton pick-up truck, Public Works (estimated value of \$15,000 based on NADA), and
- One ½-ton pick-up truck, Parks and Recreation (estimated value of \$4,000 based on NADA).

These items will be sold through Purplewave, an internet public auction company.

CITY OF MISSION, KANSAS

RESOLUTION NO. ____

A RESOLUTION DECLARING SURPLUS PROPERTY FOR SALE OR DISPOSAL

WHEREAS, City Council Policy No. 111 defines the process and procedure for the sale and disposal of real and personal property by the City of Mission, which is also outlined in K.S.A. 12-101; and

WHEREAS, the City, has identified those items listed on Attachment A as "Surplus Property;"

NOW, THEREFORE, be it resolved by the Governing Body of the City of Mission:

Section 1. The items included on Attachment A are hereby declared as surplus.

Section 2. The Finance Director, in consultation with each Department, will be responsible for determining the best method for disposal or sale of the items declared as surplus.

Section 3. In accordance with Council Policy 111, all City Officials and employees, both elected and appointed, are prohibited from participating in the purchase of real and personal property from the City.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF MISSION on this 16th day of August, 2017.

APPROVED BY THE MAYOR on this 16th day of August, 2017.

Steve Schowengerdt, Mayor

ATTEST:

Martha Sumrall, City Clerk

Action items require a vote to recommend the item to full City Council for further action.

RE: Adoption of the Standard Traffic Ordinance (STO) and Uniform Public Offense Code (UPOC) Code Books for 2017

RECOMMENDATION: Approve an ordinance adopting the 2017 edition of the Standard Traffic Ordinance (STO) and an ordinance adopting the 2017 edition of the Uniform Public Offense Code (UPOC), as published by the League of Kansas Municipalities.

DETAILS: The *Uniform Public Offense Code* and the *Standard Traffic Offenses* code have been published by the League of Kansas Municipalities since 1980. They are designed to provide a comprehensive public offense ordinance and a comprehensive traffic code for Kansas cities. They do not take effect in a city until the Governing Body has passed and published ordinances incorporating them into the municipal code. It is not necessary to publish the entirety of these codes in a newspaper if they are properly incorporated by reference. It is only necessary to publish the incorporating ordinance.

Currently, the Police Department and Municipal Court are using the 2016 versions of the above referenced codes. The 2017 versions became effective July 1, 2017, but staff waits until the updated versions are available through the League before bringing the ordinances forward to the City Council. To maintain uniformity with agencies in the area and with the State of Kansas and the actions of the State Legislature, it is recommended that these codes be adopted. Additional ordinances passed to address local issues are already in place in the city's Municipal Code and should remain as currently adopted.

In the Standard Traffic Ordinances, they are:

- Article 7. Section 33 relating to maximum speed. Maximum Speed Limits are regulated by Mission Municipal Code Section 310.00.
- Article 20. Section 204 (b) School zone fines. School fines are regulated by Mission Municipal code 300.035.

In the Uniform Public Offense Code, they are:

- Article 10, Sections 10.24, 10.25, and 10.26 relating to smoking prohibitions are deleted. Smoking restrictions are regulated by Mission Municipal Code Chapter 225. Article III.

City of Mission	Item Number:	6.
ACTION ITEM SUMMARY	Date:	July 21, 2017
Police Department	From:	Captain David Moley

Action items require a vote to recommend the item to full City Council for further action.

- Article 11, Section 11.11 related to animal cruelty is deleted. Animal cruelty is regulated by Mission Municipal Code Chapter 210, Article 1.

Along with the printed code books, licenses for electronic versions of the STO and UPOC were purchased so that the information can be placed on the City's website and on computers in patrol vehicles and workstations used by the Municipal Court and Police Department personnel. The cost for updated ordinances was \$872.74.

ORDINANCE _____

AN ORDINANCE ADOPTING THE UNIFORM PUBLIC OFFENSE CODE, 2017 EDITION, AND AMENDING THE CODE OF THE CITY OF MISSION.

BE IT ORDAINED by the Governing Body of the City of Mission, Kansas:

SECTION 1:

Section 215.010 of the Code of the City of Mission, Kansas is hereby amended by adopting the Uniform Public Offense Code, 2017 edition, as follows:

§215.010: Incorporating Uniform Public Offense Code.

There is hereby incorporated by reference for the purpose of regulating public offenses within the corporate limits of the City of Mission, Kansas, that a certain code known as the “Uniform Public Offense Code,” 2017 Edition, prepared and published in book form by the League of Kansas Municipalities, Topeka, Kansas, save and except such Articles, Sections, parts or portions as are hereby omitted, deleted, modified or changed. No fewer than three (3) copies of the Uniform Public Offense Code shall be marked or stamped “Official Copy as Incorporated by the Code of the City of Mission” with all Sections or portions thereof intended to be omitted or changed clearly marked to show any such omissions or change and to which shall be attached a copy of this Chapter and filed with the City Clerk to be open to inspection and available to the public at all reasonable hours. The Police Department, Municipal Judge and all administrative departments of the City charged with enforcement of the Ordinance shall be supplied at the cost of the City such number of official copies of such Uniform Public Offense Code similarly marked as may be deemed expedient.

SECTION 2:

Article 10, Sections 10.24, 10.25, and 10.26 relating to smoking prohibitions are deleted. Smoking restrictions are regulated by Mission Municipal Code Chapter 225, Article III. Article 11, Section 11.11 relating to animal cruelty is deleted. Animal cruelty is regulated by Mission Municipal Code Chapter 210, Article I.

SECTION 3:

This Ordinance shall be in full force and effect after publication according to law.

PASSED AND APPROVED by the City Council this ____ day of _____, 2017.

APPROVED by the Mayor this _____ day of _____, 2017.

ORDINANCE NO. _____

AN ORDINANCE ADOPTING THE STANDARD TRAFFIC ORDINANCE, 2017 EDITION, AND AMENDING THE CODE OF THE CITY OF MISSION.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF MISSION, KANSAS AS FOLLOWS:

Section 1. The Traffic Code of the City of Mission, 2017 Edition, Chapter 300, Section 300.010 is hereby amended as follows:

CHAPTER 300: GENERAL PROVISIONS

Section 300.010: INCORPORATING STANDARD TRAFFIC ORDINANCE

There is hereby incorporated by reference for the purpose of regulating traffic within the corporate limits of the City of Mission, Kansas, that a certain “Standard Traffic Ordinance for Kansas Cities”, 2017 Edition, prepared and published in book form by the League of Kansas Municipalities, Topeka, Kansas, save and except such Articles, Sections, parts or portions as are hereby omitted, deleted, modified or changed. No fewer than three (3) copies of the Standard Traffic Ordinance shall be marked or stamped “Official Copy as Incorporated by the Code of the City of Mission” with all sections or portions thereof intended to be omitted or changed clearly marked to show any such omissions or change and to which shall be attached a copy of this ordinance, and filed with the City Clerk to be open to inspection and available to the public at all reasonable hours. The Police Department, Municipal Judge and all administrative departments of the City charged with enforcement of the ordinance shall be supplied, at the cost of the City, such number of official copies of such Standard Traffic Ordinance similarly marked as may be deemed expedient.

Section 2. Article 7. Section 33 relating to maximum speed limits is deleted. Maximum speed limits are regulated by the Mission Municipal Code Section 310.010.

Section 3. Article 20, Section 204(b) of said Standard Traffic Ordinance relating to fines in school zones is hereby deleted. School zone fines are regulated by Mission Municipal Code Section 300.035.

Section 4. This Ordinance shall take effect and be in force from and after publication as required by law.

PASSED AND APPROVED by the City Council this ____ day of _____, 2017.

APPROVED by the Mayor this ____ day of _____, 2017.

RE: Selection of Voting Delegates for LKM Annual Business Meeting and NLC Annual Business Meeting

RECOMMENDATION: Select voting delegates for the LKM Annual Business Meeting on Monday, September 18th at the Annual Conference in Wichita, and voting delegates for the National League of Cities Business Meeting at the NLC City Summit, November 15-18, in Charlotte, NC.

DETAILS:

League of Kansas Municipalities Voting Delegates: Based on population, and in accordance with LKM Bylaws, the City may select up to three voting delegates for the League’s Annual Business Meeting. This meeting will be held on Monday, September 18th. At this time, Councilmember Inman plans to attend this conference.

National League of Cities Voting Delegates: As a direct member city of NLC, Mission is entitled to one voting delegate and one alternate voting delegate to represent the City at the Business Meeting held during NLC’s City Summit Conference. At this time, Councilmember Kring, Councilmember Schlossmacher, Councilmember Rothrock and City Administrator Laura Smith plan to attend the NLC City Summit Conference, November 15-18 in Charlotte, NC.

SCHEDULE

<p>State Or Governmental Agency Or Subdivision Or Political Subdivision:</p> <p>Any State or Political Subdivision if required by a signed contract.</p>
<p>Information required to complete this Schedule, if not shown above, will be shown in the Declarations.</p>

A. Section II – Who is An Insured is amended to include as an additional insured any state or governmental agency or subdivision or political subdivision shown in the Schedule, subject to the following provisions:

1. This insurance applies only with respect to operations performed by you or on your behalf for which the state or governmental agency or subdivision or political subdivision has issued a permit or authorization.

However:

- a. The insurance afforded to such additional insured only applies to the extent permitted by law; and
- b. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

2. This insurance does not apply to:

- a. "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the federal government, state or municipality; or
- b. "Bodily injury" or "property damage" included within the "products-completed operations hazard".

B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

- 1. Required by the contract or agreement; or
 - 2. Available under the applicable Limits of Insurance shown in the Declarations;
- whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

RE: Resolution Designating Two Additional 2017 City Sponsored Festival Events

RECOMMENDATION: Approve the Resolution designating additional 2017 City Sponsored Festival Events.

DETAILS: Ordinance No. 1172 was passed on September 14, 2005 exempting City-owned or public property from the prohibition on the consumption of alcoholic liquor. Included in the ordinance is a requirement that the City Council pass a resolution designating specific City Sponsored Festival Events each year. In March, Council approved Resolution No. 977 designating the 2017 City sponsored events that we were aware of at that time. Since then, the Mission Business Partnership has announced their Sunflower Festival, scheduled for August 25th and 26th, where the City is hosting a food truck event on Friday night. Additionally, the Mission Farm & Flower Market Fall Party (food trucks) has been scheduled for October 3rd.

To allow for the sale of alcohol at these events, they must be designated by Resolution as City Sponsored Festival Events. The proposed Resolution designates both events as City Sponsored Festival Events and includes the dates and times for each

- Sunflower Festival Food Truck Event: Friday, August 25, 2017 6:00-9:00 p.m.
- Mission Farm & Flower Market Fall Party: Tuesday, October 3, 2017 4:00-7:00 p.m.

In addition, the Resolution must specify the type of alcohol to be consumed at the event. For purposes of this resolution, that has been identified as: beer, wine, and alcoholic liquor.

CFAA CONSIDERATIONS/IMPACTS: Events and festivals provide opportunities for those of all ages to gather, connect with neighbors, and help to create a stronger sense of community.

CITY OF MISSION

RESOLUTION NO. _____

**A RESOLUTION DESIGNATING ADDITIONAL CITY SPONSORED FESTIVAL
EVENTS FOR 2017.**

BE IT RESOLVED, BY THE GOVERNING BODY OF THE CITY OF MISSION:

- Section 1.** The Sunflower Festival Food Truck Event shall be held on August 25, 2017 from 6:00 - 9:00 p.m., and the Mission Farm & Flower Market Fall Party shall be held on October 3, 2017 from 4:00 - 7:00 p.m. Alcoholic beverages that may be consumed within the Designated District for City Sponsored Festival Events shall be beer, wine, and alcoholic liquor.
- Section 2.** Nothing herein shall authorize illegal activity prohibited by other provisions of the City Code or City Ordinances.

**THIS RESOLUTION IS PASSED AND APPROVED BY THE CITY COUNCIL OF
THE CITY OF MISSION, THIS 16th DAY OF AUGUST 2017.**

**THIS RESOLUTION IS APPROVED BY THE MAYOR THIS 16th DAY OF
AUGUST 2017.**
